INTENSIFIED FORMAT TRAINING INSTRUCTIONS

High-Risk Incarcerated Person Transport

Certification # 71-055489

(Cert Date Exp. 05-09-2026)

Duration – 2 Hours

Course Summary:

The purpose of this course is to familiarize deputies on the procedures and security risks involved in transporting high-risk incarcerated persons.

Course Objectives:

At the conclusion of this course, trainees will be able to:

- Identify the security risks involved in high-risk incarcerated person transports.
- Identify informational resources available to transporting deputies prior to transport (e.g., incarcerated persons background, charges, and behavioral history).
- Identify elements of operational planning for high-risk transports.
- Explain the proper policy and procedures involved when transporting incarcerated persons.
- Demonstrate proficiency in utilizing proper and effective radio communications.
- Identify required equipment, weapons and restraint/control devices needed in high-risk transports.

Training Tips:

Policy sections to be covered:

- [I.57 Transportation of Incarcerated Persons](#)
- [I.5 Emergency Escape Procedures of Incarcerated Persons](#)
- [I.45 Incarcerated Persons Hospitalization and Guards](#)
- [M.5 Medical Emergencies](#)
- [I.93 Restraint Devices](#)

Instruction should be given on proper procedures and methods related to high-risk incarcerated person transport. Instruction should be given on utilizing informational resources, radio communication procedures, operational and tactical planning, escape procedures, vehicle preparation and inspection procedures, threat recognition and a review of restraint/control devices needed during transport. The entire team should participate when and where practical. The team sergeant must ensure that all participants have signed the STC training roster. If you need any assistance or have any questions, please contact DTU GC 7922.000 - Work Number

Our goal as training staff is to strengthen facility staff's overall skillset to boost individual and organizational performance. Integrating facility health staff and other professional detention services during training will create a better understanding of everyone's roles, operational procedures, and responsibilities during a critical incident. Working together will also effectuate a positive environment where we would work as one cohesive unit to accomplish our bureau's mission.

Please make it a priority to include facility health staff and other professional detention services during training, and remember to utilize the [Training Refresher and IFT Professional Staff Training Attachment](#) to document their involvement.
