INTENSIFIED FORMAT TRAINING INSTRUCTIONS

Naloxone Training
Certification #08358879
(Expiration Date 06-15-2025)
Duration – 2 Hours

Course Summary:

This training exercise will assist nursing and sworn staff in the proper procedures and techniques to safely respond to an emergency situation and effectively administer Naloxone on an overdosed/unresponsive subject.

Course Objectives:

At the conclusion of this course, each trainee will be able to:

- Identify applicable policy and procedure sections related to the use of Naloxone
- Explain the signs and symptoms of an overdose
- Understand how opioids work
- Demonstrate SDSO approved procedures for administering Naloxone to an overdosed/unresponsive subject
- Respond to an opioid overdose (Additional assistance, recuse breathing, administering Naloxone)
- Explain proper aftercare and documentation procedures (Transport to hospital, NetRMS/NicheRMS, JIMS)

Training Tips:

Refer to policy and procedure sections:

- [M.6 Life Threatening Emergencies: Code Blue](#)
- [M.5 Medical Emergencies](#)
- [SDSO P&P 6.128 Use of Naloxone](#)
- Facility Green Sheets

Instruction should be given on the related policy and procedure sections, staff safety and security issues, and critical incident management methods. Policy and Procedure shall be discussed regarding the use of Naloxone and documentation procedures. Instruction and demonstration should be given on proper administration of the antidote on an overdosed/unresponsive individual. Coordinating this training with facility medical staff is required for the Naloxone Training Drill. The entire team should participate in this training. The team sergeant must ensure that all participants have signed the STC training roster.

Our goal as training staff is to strengthen facility staff's overall skillset to boost individual and organizational performance. Integrating facility health staff and other professional detention services during training will create a better understanding of everyone's roles, operational procedures, and responsibilities during a critical incident. Working together will also effectuate a positive environment where we would work as one cohesive unit to accomplish our bureau's mission.

Please make it a priority to include facility health staff and other professional detention services during training, and remember to utilize the [Training Refresher and IFT Professional Staff Training Attachment](#) to document their involvement. If you need any assistance or have any questions, please contact [GC 7922.000 - Work Phone](#)
