A glowing lightbulb is shown on the right side of the slide, set against a dark blue background. The lightbulb is illuminated from within, casting a warm yellow glow and reflecting on the surface below it. The background has a subtle, colorful gradient of purple and blue.

Policy & Procedures/Facility Green Sheets

<u>Basic Unit Operations</u>	<u>Use of Restraints</u>
-Facility Specifics -PSU's work like a medical facility. Medical staff needs to stay in the loop on inmate status, security issues, etc.	-Sworn staff will generally <u>assist</u> the nursing staff with application of the restraints
-Sworn should make every effort to maintain normal operations within the unit	-Only restraints to be utilized in PSU are "four point" restraints
-Touchscreen operations	-The Pro-Strait Chair shall not be utilized

Policy & Procedures/Facility Green Sheets

Suicide Precautions in PSU

- Differences / Similarities of suicide precautions in PSU to other areas of the facility
- Suicide Precaution and Close Observation or 1:1

Releases (facility vs. street)

- Procedures for when an inmate is cleared from PSU and placed into another unit
- Procedures for when an inmate is released to the community from PSU/Step Down unit
- What paperwork is required?
