TRAINING REFRESHER INSTRUCTIONS

The WRAP Restraint Device

Course Summary:

The purpose of this training is to provide deputies a refresher on the policies and procedures in the use of The WRAP device and the application to effectively maximally restrain a subject.

Course Objectives:

At the conclusion of this course, each trainee will be able to:

- Identify applicable policy and procedure sections related to the use of restraint equipment.
- Demonstrate the proper application of the WRAP restraint device.
- Demonstrate the proper aftercare of a subject that is maximally restrained.

Training Tips:

[Department wide WRAP training Video](#)

Policy sections to be covered:

- [I.89 Use of Force](#)
- [I.93 Use of Restraint Equipment](#)
- [Addendum F](#)

Detentions Policy and Procedures should be discussed regarding the use of restraint equipment. Instruction and demonstration should be given on proper application of the WRAP device when maximally restraining a subject. Proper aftercare of a subject who has been maximally restrained should be explained. The entire team should participate in this training. The team sergeant must ensure that all participants have signed a training attendance roster. If you need any assistance or have any questions, please contact DTU at [REDACTED].

*** The format for providing the training outlined in these instructions will be dependent on the COVID-19 evolving public health crisis and will be based on local, state, and national guidance at the time of the training.**

DTU will communicate directly with facility training staff for the most up to date information and guidelines for conducting training.
