

SDSD Detention Services Bureau—Vista Detention Facility Green Sheet

DATE:	January 9, 2021
NUMBER:	L.3.V
SUBJECT:	INMATE MATTRESSES

PROCEDURE

MATTRESS CLEANING

- A. An inmate worker house cleaning crew will be responsible for cleaning soiled mattresses stored in each housing unit. The crew will be sent out to perform this task between [REDACTED] and [REDACTED] [REDACTED] or as needed by each housing unit. The crew will have all necessary equipment to properly clean the mattresses.
- B. The cleaning entails a wipe-down of both sides of the mattress with disinfectant. The length of this process will vary depending on the number of soiled mattresses.
- C. To prevent clean mattresses from being mixed with soiled mattresses, soiled mattresses will be stacked on the floor next to the mattress rack. Once the mattresses are clean and dry, they will be placed on the mattress rack.
