

MILITARY DESERTERS

When a Military Deserter is brought into Sheriff's custody, the Detention Processing Technician follows these procedures:

BOOKED ARREST ([See Pre-book Manual – OBKD](#))

HOLD ARREST ([See Pre-book Manual – HMIL](#))

A Detention Processing Technician notifies the **MILITARY DESERTER UNIT** of the arrest, the telephone number is listed on the warrant/documentation. If the unit requests the inmate be held to await pick-up, the Watch Commander is contacted. The Watch Commander is responsible for determining whether or not the inmate is held for the period of time requested and for determining the expected pick-up date.

Once the Military Deserter Unit is notified of the pick-up date and time the DPT assigned to Pre Release uses the disposition of **MILI (MILITARY)**. *In the event a cite and release form indicates a Military Deserter released on his/her own recognizance, the Pre Release and Final Release disposition of MILI (Military) will still be utilized.*

When the inmate is picked-up by the Military Deserter Unit the representative will provide a **RECEIPT FOR PRISONER OR DETAINED PERSON** form. The signature of the Military Deserter Unit Representative **must** be obtained on the:

- Fund Receipt,
- Personal Property Receipt and
- Release Approval Report.

Completed forms are placed in the inmate's custody record. The arrest is then closed out with the:

- **Release Type - MILI (MILITARY)** and
- **Agency Released To - MDU (MILITARY DESERTION UNIT)**
