

Day 1

Phase III Workbook

Pre Release

What is Pre-Release responsible for?

The DPT assigned to Pre-Release must remove and organize all contents from the _____ and compare it to JIMS.

True or False

One of the job duties of Pre-Release is to monitor the Pending Release Queue.

Why is it important to monitor the Pending Release Queue?

You are working Pre-Release and see an inmate in the Pending Release Queue has notes of "SBDF//VRFD". You should do the following:

- A) Call SBDF and tell them they don't know how to spell "verified".
- B) Call your supervisor and tell them you need to go back to phase training.
- C) Complain to your fellow DPT's that you are tired and need to go home.
- D) Print out a hard copy of the release queue that shows "SBDF//VRFD" pull the custody record and begin to pre-release the inmate.

How many responses or "HITS" must an inmate have in order to clear the Wants & Warrants section of the Final Release Navigator?

True or False

When running Wants & Warrants at Final Release you will confirm and book any Felony, Domestic Violence, 1209 PC, Commit, Drug Court & Juvenile warrants.

Phase III Workbook

True of False

At Final Release all local misdemeanor warrants will be cleared and a Notice to Appear Per 853.6PC form must be issued.

What do you do if you find an active TRO on an inmate you are trying to pre-release?

Under what circumstances is DNA required to be completed?

What does VINE stand for?

For accurate monitoring of the individual once they are released from jail it is imperative to enter the correct _____ type/ _____ to agency.

True or False

One of the duties assigned to the Pre-Release position is running reports for special releases.
