

Technology Services

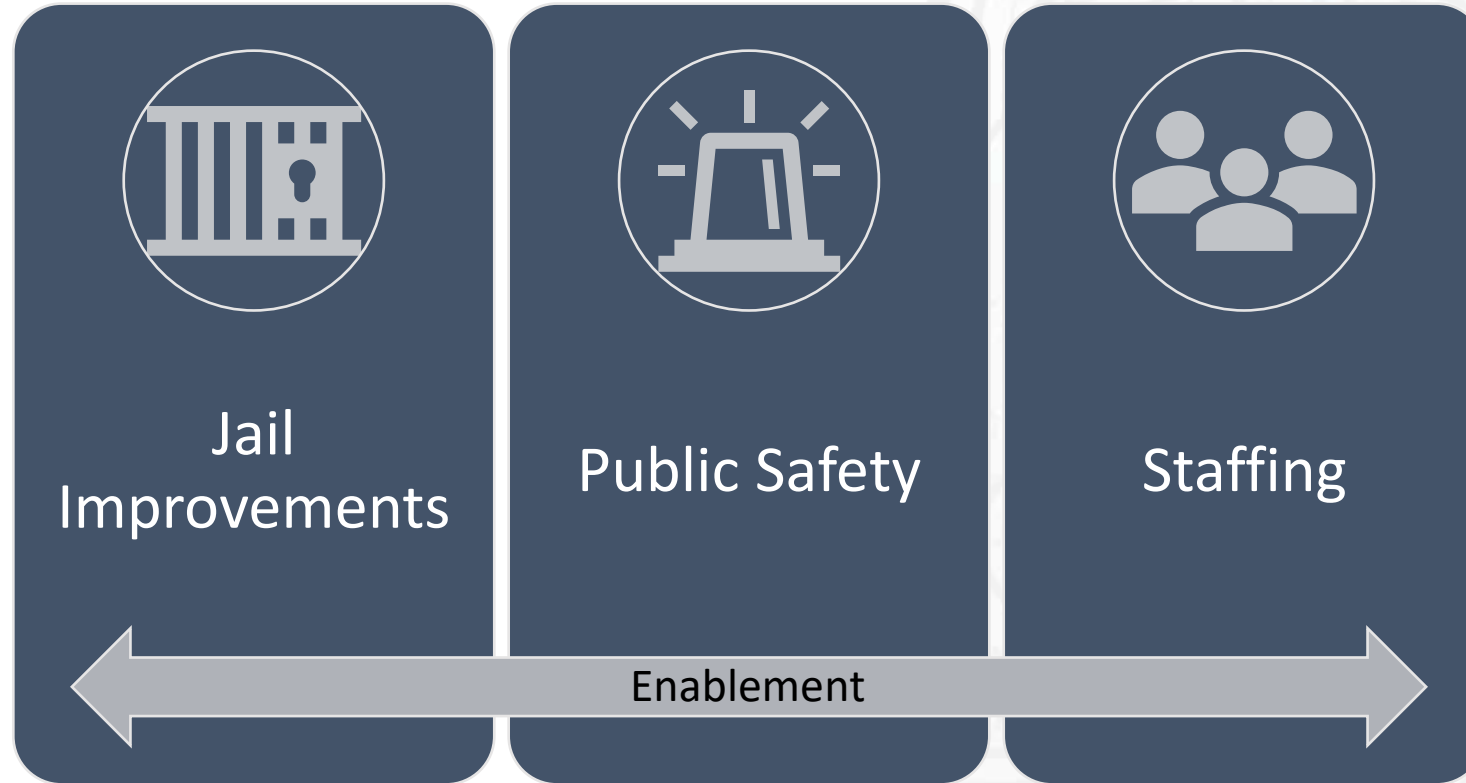

Executive Summary

Technology Services is comprised of Wireless Services Division and Data Services Division. Together Technology Services delivers **mission-critical** voice and data communication to the Department and the region.

WSD is tasked with managing the Regional Communications System that is responsible for delivering mission-critical communications to 13 PSAPs and over 200 agencies with the area of responsibility that spans San Diego County and Imperial County.

Similarly, DSD is responsible for supporting the Department's technology needs while providing services to over 12,000 users from 70 local, state, and federal agencies

Hello,

We are interested in purchasing 40 Pieces of Apple iPhone 14 Pro Max 512GB with unlimited plan under the CoNet Contract.

Please confirm the availability of these products and send us the price quote for supplying these products and the cost of shipping.

I eagerly await your response. Please contact us by phone or email if you require any additional information.

Sincerely,

Ashish Kakkad
