Why we're here...

Sheriff's Department:

• 1700 Vehicles

Per Year

- Use 1.5 million gallons of gasoline
- 17 million miles driven
- 200 Sheriff Veh Collisions
 - 75 At-Fault
- 150 Pursuits
 - 40 End in collisions

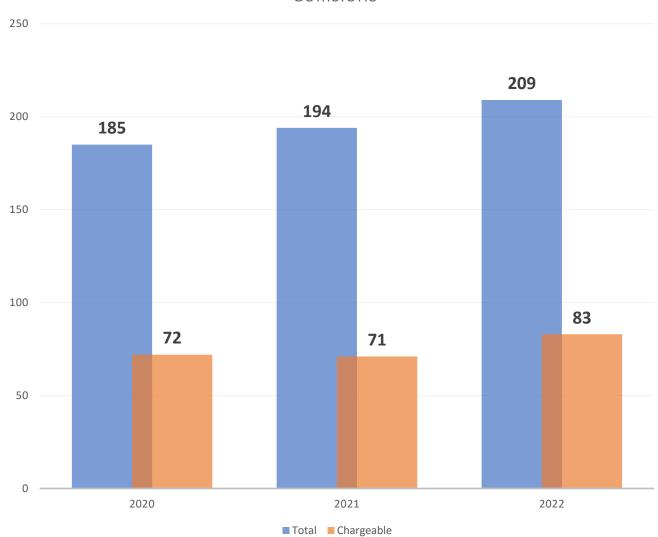

Collisions are inevitable

"Collision"

An unintended event that produces damage or injury, involving a motor vehicle intransport.

Although the terms "accident" and "collision" are synonymous, the word collision should be used to describe the event.

(Statewide Integrated Traffic Records System (SWITRS) Chapter 2)

Sheriff P&P Chapter 5

5.4 – Collisions:

All traffic collisions involving Sheriff's Department personnel (sworn, civilian, volunteers and reserves) operating Department vehicles, publicly owned vehicles, or any vehicle in the performance of their official duties, shall be investigated within the following guidelines.

Driver Responsibilities on scene

IMMEDIATELY NOTIFY COMMUNICATION CENTER

NOTIFY SUPERVISOR

Supervisor Responsibilities

ENSURE COMMUNICATION CENTER NOTIFIED

NOTIFY YOUR SUPERVISOR (UP TO YOU, BUT I WOULD)

On-Scene Traffic Investigation

Sheriff Contract Cities = Traffic Unit

Other Jurisdictions = Agency with jurisdiction, unless they refuse (Use closest Sheriff Traffic Unit)

Traffic Unit response is not needed if:

- Only county property involved / No injury
- Unknown how damage occurred
- Road Hazard

On-Scene Traffic Investigation

Supervisor's On-Scene Responsibility:

- Whenever possible
- Required if death or injury. If unavailable, on-duty supervisor needs to respond.

Deputy Report / Written Statement

Administrative Investigations

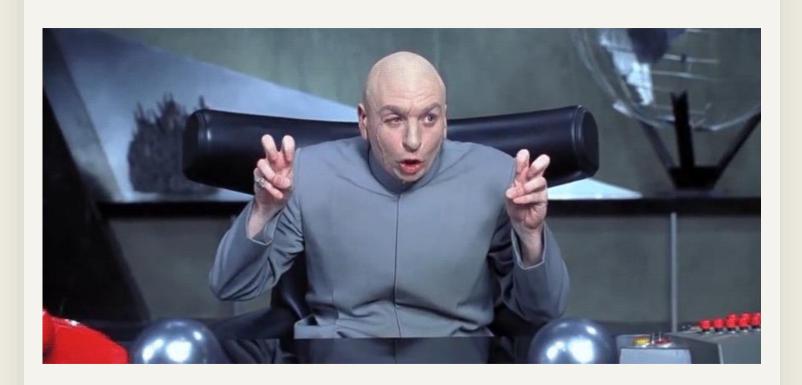

When would you need to?

Basically, always unless:

- Road Hazard
- Operational Damage
- Unoccupied Sheriff Vehicle

If unsure, just shoot me a text/email

"Operational Damage"

When determining if Operational Damage:

- Was another driver involved
- Was non-County property involved
- Was the County employee operating safely at the time
- Can someone make a claim against the county (no matter how crazy)

RM-3 / Supervisor's Investigation

Helps determine if something can be claimed as Operational Damage
 / Road Hazard

Proves to the county the incident was looked into

Purely Hypothetical Situation

- Employee returned to the station to report they had struck a pothole. bent two rims and vehicle wouldn't track straight. CD-2 sent in and claimed as Operational Damage.
- Went to county garage where they found damage to undercarriage, steering components, and suspension consistent with sliding into a curb, \$12k in damage.
- Check of speed mapping found driver was traveling at excessive speed on surface streets before reported damage.
- Follow up investigation with the driver found driver was doing "high speed training" and lost control of vehicle before sliding into curb.

Garage / Vehicle Coordinator

Also reports suspicious damage and recommends investigations

We, as supervisors, need to do our part to protect employees and have critical conversations when damage occurs.

2.35 Operation of Vehicles

 Employees shall operate all county owned or maintained vehicles, or any vehicle being operated in the performance of their official duties, in a careful and prudent manner, and shall obey all laws of the state and all Departmental orders pertaining to such operation.

Administrative Investigation

*** Due 60 days from collision***

Chargeable

- Primarily rely on traffic investigation
- Unsafe driving / Law Violation
- County driver mostly at fault

Not at Fault

- i.e., Rear-ended
- County driver mostly not at fault

Three Biggest Mistakes

Not turning in investigations on time

Not being unbiased in investigation

Having driver fill out RM3

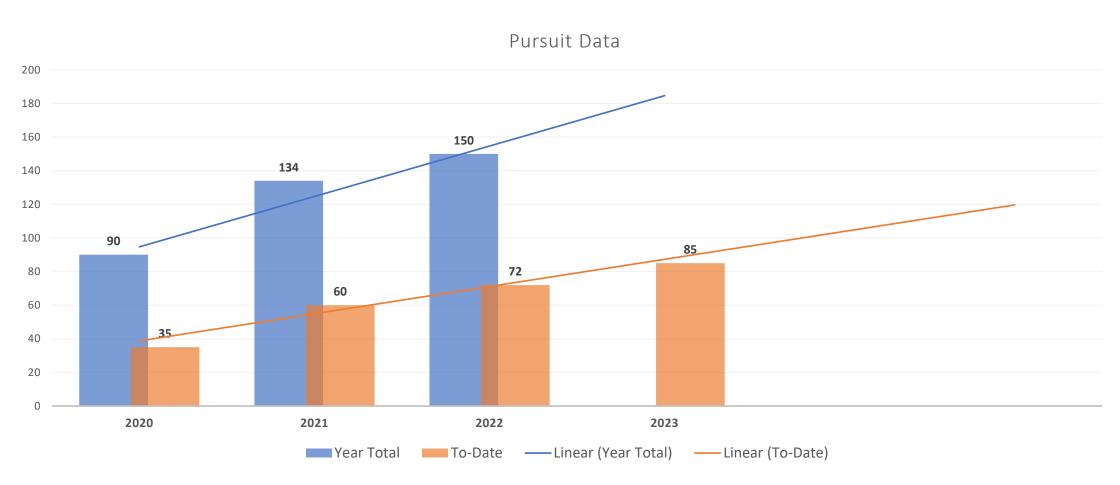

Pursuits

III. DEFINITION

A pursuit is an event involving one or more law enforcement officers, who are operating an authorized emergency vehicle, attempting to apprehend a suspect operating a motor vehicle, while the suspect is trying to avoid arrest by using evasive tactics, such as high speed driving, driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to the officer's signal to stop.
