

# Americans with Disabilities Act (ADA)

# What is the ADA?

- ▶ In 1990, President George H.W. Bush signed the Americans with Disabilities Act (ADA).
- ▶ The ADA is a civil rights law that prohibits discrimination against individuals with disabilities in all areas of public life, including jobs, schools, transportation, and all public and private places that are open to the public.
- ▶ The ADA is comprised of 5 different titles that set out the requirements for different areas of public life.
- ▶ According to the Center for Disease Control and Prevention, 1 in 4 (27%) adults in the United States have some type of disability ([CDC.gov](https://www.cdc.gov))

# 5 Titles of the ADA

- ▶ **Title I** - Employers must provide qualified individuals with disabilities an equal opportunity to benefit from employment-related opportunities
- ▶ **Title II - State and local governments must provide qualified individuals with disabilities an equal opportunity to benefit from all of their programs, services, and activities**
- ▶ **Title III** - Businesses must provide people with disabilities an equal opportunity to access the goods or services that they offer
- ▶ **Title IV** - Telephone companies must provide services to allow callers with hearing and speech disabilities to communicate
- ▶ **Title V** - Miscellaneous section covering a variety of topics, including prohibition against retaliation and coercion and that a person with a disability is not required to accept accommodations

# What is a Disability under the ADA?

**Disability** - The term “disability” means, with respect to an individual –

- a *physical or mental impairment* that substantially limits one or more major life activities
- a record (or history) of such impairment, or
- being regarded (by others) as having such an impairment.

Some examples of disabilities that may substantially limit one or more major life activities include but are not limited to: diabetes, epilepsy, blindness, hard of hearing, HIV/AIDS, paralysis, depression, autism, dementia, schizophrenia, post-traumatic stress disorder, or alcoholism.

# What is a “Major Life Activity”?

Major life activities include, but are not limited to:

- ▶ Seeing
- ▶ Hearing
- ▶ Eating
- ▶ Sleeping
- ▶ Walking
- ▶ Standing
- ▶ Lifting
- ▶ Bending
- ▶ Speaking
- ▶ Breathing
- ▶ Learning
- ▶ Reading
- ▶ Concentrating
- ▶ Working
- ▶ Thinking
- ▶ Communicating
- ▶ Operation of a major bodily function

# What does that mean for the Department?

- ▶ The San Diego Sheriff's Department (SDSD) recognizes the need to ensure persons with disabilities have access to the same rights, privileges, programs, and services as those persons who do not have disabilities. The SDSD must make reasonable accommodations when necessary to avoid discrimination in its provision of goods and services to a person with a disability.
- ▶ Meeting all ADA requirements affects all aspects of public service and every bureau in our Department. From recruiting and retaining employees, to public and community interactions, to the arrest, transportation, booking, medical care and housing of incarcerated persons, and court processes.
- ▶ To ensure compliance with the ADA, the SDSD created the ADA Unit. The unit members are tasked with the oversight and assessment of all policies, procedures, processes, training, and required modifications related to the ADA for the Department.

*It is **EVERYONE'S** responsibility to uphold the ADA and related state laws*

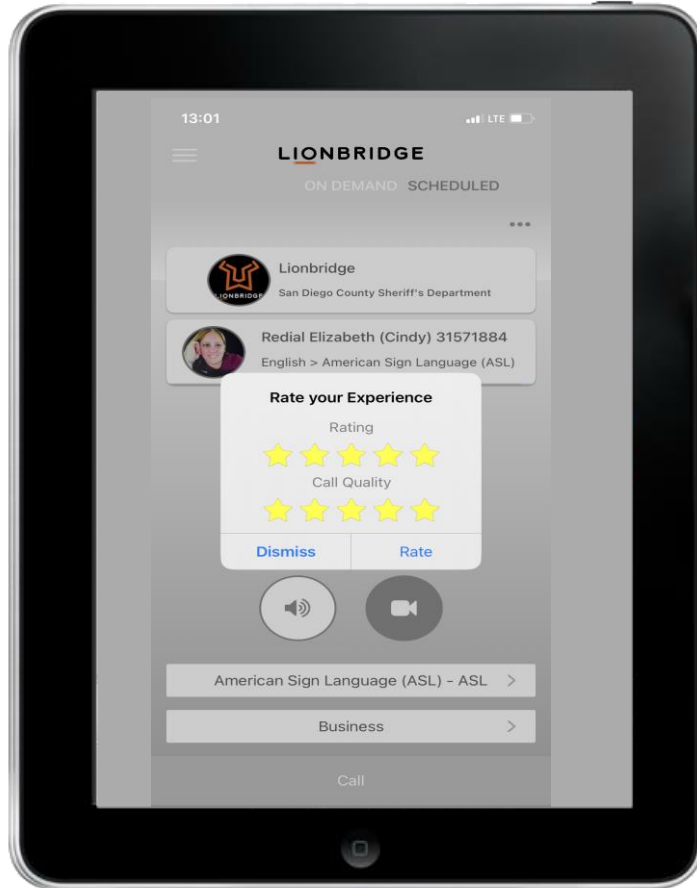

# Auxiliary Aids and Services Available

All detention facilities are equipped with three types of telecommunications services:

- **Teletypewriter (TTY) or Telecommunications Device for the Deaf (TDD)** - relays typed text
- **Video Relay Services (VRS)** by Purple Communications - enables incarcerated persons to use sign language to communicate with voice telephone users (via an interpreter) or others who communicate in sign language (“point-to-point”), via a video call.

These devices allow incarcerated persons who are deaf or hard of hearing to make telephone calls.

# Identifying Incarcerated Persons with Effective Communication needs

- Incarcerated persons with Effective Communication needs will be offered optional safety vests (ADA VEST) that identify their disability on the back of the vest.
