INVESTIGATIVE FOLLOW-UP

Upon completion of my investigation, I continued to periodically monitor primary Facebook account to learn of new postings which might be relevant to the investigation. I monitored her account from September 11, 2017, through September 25, 2017, using my department issued IPAD. When I discovered a posting that referenced Deputy Juan Andrade, I took a screenshot and saved the photo to my gallery. Each screenshot I took was date and time stamped on the IPAD.

On September 11, 2017, I took two screenshots of Facebook timeline that spoke negatively about the Rancho San Diego Sheriff's Station (RSDS), which is where Andrade was assigned.

On September 18, 2017, I took three screenshots of Facebook timeline that basically claimed law enforcement was corrupt.

On September 19, 2017, I took six screenshots of Facebook timeline that spoke negatively about the RSDS and specifically mentioned Andrade's name. It said the following:

"THEN THIS DEPUTY ANDRADE SEXUALLY ASSAULTED ME FONDLED ME ON MARCH $11^{\rm TH}$ 2017 AND HE IS STILL FREE TO THIS DAY"

The postings on timeline continued and said:

"HE FORCED ME TO TOUCH HIS PENIS"

"HE LIED TO ME TRICKED ME TO THINK HES GOING TO HELP ME WITH SOME FOOD AND CLOTHES"

RELEASED FROM

TO

On September 21, 2017, I took nine screenshots of Facebook timeline that spoke negatively about law enforcement, the RSDS, and specifically mentioned Andrade's name. It said the following:

"HEY DEPUTY ANDRADE RAPIST SHERIFF IN SAN DIEGO COUNTY BURN IN HELL YA GARBAGE FACE"

On September 25, 2017, I took three screenshots of Facebook timeline that again spoke negatively about law enforcement and the Sheriff's Department.

On September 27, 2017, Lieutenant Christina Bavencoff contacted Sheriff's Communications Co-Coordinator Jessica O'Leary, via e-mail, and requested an audit of Andrade's eSun (CLETS) for March 11, 2017. Lieutenant Bavencoff received the results from the audit on September 29, 2017, and learned Andrade had not conducted a record's check on the day of the incident.

On October 10, 2017, Lieutenant Bavencoff ran a local records check for Since 1999, has pled guilty to one felony conviction for 496(A) PC- Possession of Stolen Property. She also pled guilty to a number of misdemeanor crimes to include: two counts of 11377(A) PC-17B4- Possession of a Controlled Substance, 484 PC- Petty Thest, 11550(A) H&S- Under the Influence of a Controlled Substance, and 11364.1 H&S/11364 H&S-Possession of Drug paraphernalia.

I compiled the Facebook screenshots I took from account and placed them on a compact disc. The disc will be attached to this report.

This completed my follow-up investigation related to this matter.

SYNOPSIS, ANALYSIS, CONCLUSIONS, AND FINDINGS

SYNOPSIS

It is alleged that on March 11, 2017, while on duty and in uniform, Deputy Juan Andrade had repeated inappropriate verbal and physical contact with a second to the alleged victim of an assault.

ANALYSIS AND CONCLUSIONS

As to the allegation, Deputy Andrade inappropriately told

into the bushes and inappropriately touched during his contact with her. It was disputed whether Andrade spoke to or touched inappropriately. On March 11, 2017, at about 1240 hours, Deputy Juan Andrade and two other deputies responded to a radio call at a transient encampment in the 10400 block of Jamacha Boulevard in Spring Valley. The call resulted in the arrest of for a felony warrant. However, the original call for service was for an alleged assault where was the victim. during the investigation and spoke with her privately while they Andrade contacted were standing by his patrol car. alleged Andrade told her that he wanted to take into the bushes and make out with her. Andrade denied making this comment and claimed he was only asking questions relevant to the investigation. A few hours after had the interaction with Andrade, she wrote and posted the following on her Facebook page: "Met a police officer who wanted to take me into the bushes." Facebook post did not appear contrived, but rather corroborated and added credibility to her allegation. RELEASED FROM

confirmed there was some type of physical contact between them when they were at the rear of the storefront; however, their statements regarding the details of their contact are contradictory.

alleged Andrade approached her when they were outside of the patrol car and started kissing and touching her, fondling her breasts and vaginal area. Andrade denied this and as being the aggressor, saying she hugged and kissed him. Andrade claims away from him, but could not remember where, on her body, he he had to push pushed her. When asked if it was possible he pushed her in the chest area, Andrade admitted it was possible. Andrade left at the rear of the storefront and went to an emergency fire call. When asked if Andrade thought kissing him was inappropriate and offensive. Andrade responded, "Yes ma'am." Although Andrade had these feelings, he chose to call again to inquire if she found some clothing. Additionally, Andrade thought might be hungry so he offered his breakfast leftovers to her. Knowing had a history of using illegal drugs and was possibly under the influence of methamphetamine, Andrade still into the private storefront through the back door. This demonstrated Andrade's poor judgement and decision making especially after, according to Andrade, had already kissed him. Andrade allowed to wash her hands, as he heated up the left overs for her. Andrade said he never addressed the kiss with her into the storefront because he did not think she would try and kiss him again. Andrade created a more private and isolated environment with who he claimed kissed him and made him feel "gross and disgusted." While inside the storefront, alleged Andrade kissed and touched her in a sexual manner again. Andrade denied that he kissed or touched and again said she kissed and hugged him. He said he pushed her away, they left the storefront and had no further contact. The burden of proof for an administrative case is "preponderance of the evidence" which is defined as "such evidence, when weighed with that opposed to it, has more convincing force and the greater probability of truth." In weighing the preliminary facts of this case, it is evident there was inappropriate touching (hugging and kisses at least) between I Andrade's description of how he felt during the kissing incident is inconsistent with his behavior following the kiss. Andrade did not address the situation with , he did not notify his supervisor of the incident, or cease contact with her. Rather he reached out to calling her again and created an opportunity for more alone time with her.

Andrade's actions brought discredit to himself and the Sheriff's Department. When asked if his actions reflected positively on the Department, Andrade responded, "No ma'am." In sum, Andrade failed to take the appropriate action by not reporting the incident to his supervisor, and instead created more private time between the two of them. Andrade's actions or lack of actions failed to maintain the highest standards of efficiency in carrying out the mission, functions, and objectives of this Department. Andrade potentially exposed the Department to liability. Even if Andrade was not the aggressor, Andrade demonstrated extremely poor judgement when he purposely placed himself in a situation where he could be accused of wrongdoing SED FROM

The following Sheriff's Department Policy and Procedure would be applicable to the allegation above:

2.4 UNBECOMING CONDUCT

Employees shall conduct themselves at all times, both on and off duty, in such a manner as to reflect most favorably on this Department. Unbecoming conduct shall include that which tends to bring this Department into disrepute or reflects discredit upon the employee as a member of this Department, or that which tends to impair the operation and efficiency of this Department or employee.

As well as the following:

2.30 FAILURE TO MEET STANDARDS

Employees shall properly perform their duties and assume the responsibilities of their positions. Employees shall perform their duties in a manner which will tend to establish and maintain the highest standards of efficiency in carrying out the mission, functions, and objectives of this Department. Failure to meet standards may be demonstrated by a lack of knowledge of the application of laws required to be enforced; an unwillingness or inability to perform assigned tasks; the failure to conform to work standards established for the employee's position; the failure to take appropriate action on the occasion of a crime, disorder, or other condition deserving police attention; absence without leave; unauthorized absence from the assignment during a tour of duty; the failure to submit complete and accurate reports on a timely basis when required or when directed by a supervisor.

As to the allegation Deputy Andrade was dispatched to an emergency fire call, and drove Code-3 inside his patrol vehicle, thus delaying his response to an emergency fire call:

It is undisputed th	at Andrade drove (Code-3 with	inside his patrol veh	icle. Andrade
admitted he was d	riving with	inside his patrol	vehicle when he was di	spatched to a
fire call. Rather that	an letting	out of the vehicle	and responding immediat	ely to the fire
call, he activated h	is emergency lights	and siren and drove	Code-3, reach	ing speeds of
69 miles per hour.	Andrade admitted	he made a poor choic	ce saying, "I know I screv	ved up" He
said he told	that he was go	oing to have to let h	er out, but she "refused."	Rather than
addressing	, he chose to p	ut her in danger an	d expose the Departmen	t to potential
liability.		-	•	-

It is also undisputed Andrade was delayed responding to the emergency fire call. Andrade admits he drove to the rear of the storefront to drop off the storefront, instead of driving directly to the call. Andrade diverted from the fastest and most direct route to the emergency call. By Andrade taking the detour behind the storefront, it caused him to arrive almost one minute after the first unit arrived. The information obtained from AVL confirmed Andrade had a delayed response to the fire call.

RELEASED FROM

I.A. FILES

Andrade failed to properly perform his duties as a first responder patrol deputy. Andrade was the closest deputy dispatched to the fire assist and should have been first on scene. Andrade failed to properly perform his duties as a deputy sheriff by driving Code-3 with inside his patrol vehicle which makes this violation more egregious. Driving Code-3 is inherently dangerous and Andrade did not ensure the safety of his passenger.

Andrade's unnecessary actions failed to maintain the highest standards of efficiency in carrying out the mission, functions, and objectives of this Department. Andrade failed to maintain our Department's highest standards, but instead exposed the Department to potential liability based on his actions.

The following Sheriff's Department Policy and Procedure would be applicable to the allegation above:

2.30 FAILURE TO MEET STANDARDS

Employees shall properly perform their duties and assume the responsibilities of their positions. Employees shall perform their duties in a manner which will tend to establish and maintain the highest standards of efficiency in carrying out the mission, functions, and objectives of this Department. As to the allegation, Deputy Andrade transported in his patrol car without notifying the Communications Center:

It is undisputed that Andrade transported inside his patrol car on March 11, 2017, at about 1637 hours, without making the required notifications to the Sheriff's Communication Center per Sheriff's Policy and Procedure. Andrade said he drove from the area near the homeless encampment to the Casa De Oro Storefront with the intention of taking her to get clothing. Andrade admitted he did not make the proper notifications, nor did he create a call on his MDC for the "courtesy transport." Andrade said he thought the radio was "busy" at the time, but after reviewing the dispatch recordings, it was shown there was a 21 second gap with no transmissions.

The following Sheriff's Department Policy and Procedure would be applicable to the allegation above:

RELEASED FROM
I.A. FILES

It is alleged Deputy Andrade was untruthful during this investigation by failing to answer questions to the fullest extent of his knowledge.

I conducted two interviews with Andrade during the course of my investigation. During both interviews, Andrade was accompanied by legal representation. The first interview with Andrade occurred on May 9, 2017. After reviewing the audio recorded interview with Andrade, I determined an additional interview was needed to further clarify the details involving his contact with I conducted the second interview with Andrade on May 31, 2017, and determined Andrade had not been truthful during his first interview. Below are some specific variations between the first and second interviews.

- 1st Interview: Andrade said kissed him when they were behind Little Caesar's by the storage shed. Andrade described the incident as "weird" because nothing like that had happened to him before. Andrade said, "She was standing in front of me and I was standing behind her trying to get back into the car and she just turned around and kissed me."
- 2nd Interview: Andrade explained the details of the kiss in more detail and added that actually hugged him during this encounter. Andrade said, "...She hugged me, kissed me and I can't remember exactly what I did or what I said..." Andrade described the hug as lasting "way less than a minute." Andrade described feeling "gross and disgusted." Andrade said there was no time gap between the hug and kiss. Andrade disclosed that kissed Andrade on the lips for a couple seconds with an open mouth. This information was omitted during the first interview. When asked additional information about the kiss, Andrade's reasoning for not remembering details was because he had been trying to "block" the memory for the past few months. After additional questioning, Andrade said, "I remember her trying to open her mouth and me trying to push her away." Andrade said had her hands on him during the kiss, but Andrade could not remember where her hands actually were.
- 1st Interview: When Andrade was asked why he did not tell his supervisor about kissing him, Andrade gave three different explanations. Andrade's first response was because they were "still busy," referring to there being a large number of radio calls. Andrade's second explanation was that he was "trying to figure out what was going on or what had happened." Andrade's final reason for not reporting the incident was because he did not think kissing him was anything that "serious." Additionally, Andrade said he did not mention it to any of his partners because he was "embarrassed."
- 2nd Interview: When asked again why he did not report the incident to his supervisor, Andrade said he thought it was just "one of those weird things" that just happen.
- 1st Interview: Andrade said only kissed him one time which was behind Little Caesar's and claimed there was no additional kissing. Andrade stated when they were later inside the storefront, however, "tried" to kiss Andrade again. Andrade

grabbed him from behind and tried to turn him around to either hug or kiss him. Andrade prevented from kissing or hugging him by grabbing the left-over food and walking out of the storefront with . When asked directly, "At any other time was there a kiss between you and responded, "No." 2nd Interview: Andrade initially said that in the storefront grabbed Andrade by his right arm to try and spin him around. Andrade said actually spun him around to face her. When asked, "Okay so physically she was able to turn you around?" Andrade responded, "Yes." After additional questioning, he stated he was the one who turned around to physically face after she grabbed his arm. physically turn Andrade around to face her, rather Andrade turned on his own to face . Andrade initially was dishonest when he said grabbed him and was able to turn him around so they were face-to-face. As they faced one another, Andrade said "tried to kiss" him again. After additional questioning, I learned there was another kiss between Andrade and while inside the storefront. Andrade said, "She tried to kiss me on the lips and I can't, she probably like scraped them and that was it." I asked Andrade, "... So did her lips touch your lips?" Andrade responded, "Yes." Andrade said, "Her lips touched my lips and I pushed her away," It was evident Andrade was trying to minimize the incident and omit relevant information. The touching of two lips is a kiss. When asked how long their lips touched, Andrade said, "Not that long. Like just instant. Enough to push her away." Andrade changed his story from his initial statement, and also changed his story several times during the second interview.

The following Sheriff's Department Policy and Procedure would be applicable to the allegation above:

2.46 TRUTHFULLNESS

When asked by the Sheriff, the Sheriff's designee or any supervisor, employees will always answer questions, whether orally or in writing, truthfully and to the fullest extent of their knowledge. All written and verbal reports shall be truthful and complete,

The burden of proof for an administrative case is "preponderance of the evidence" which is defined as "such evidence, when weighed with that opposed to it, has more convincing force and the greater probability of truth." Andrade was interviewed two times. His statement as it related to incriminating information, changed in the second interview. Andrade initially said there was only one kiss by and during a second interview admitted there was another kiss that occurred inside the storefront. If Andrade truly felt "gross and disgusted" by kiss, he would have addressed her actions. He would not have allowed her entry into the back door of the storefront creating a second and more private situation for the two of them. Each time Andrade explained what occurred, he remembered more details. Furthermore, his actions or lack of actions were not consistent with his statements of what occurred.

CONFIDENTIAL

INTERNAL AFFAIRS CASE NUMBER: 2017-027.1 DATE: August 8, 2017

COMPLAINANT: S.D.S.D. INVESTIGATOR: Sergeant A. Baggs

INVESTIGATION

On March 27, 2017, Lieutenant Christina Bavencoff assigned this complaint to me for investigation. I reviewed the complaint form and accompanying documents as part of the investigation. All of the interviews in this investigation were recorded and will be maintained with the Internal Affairs file. The following are synopses of those interviews. For exact and complete details of the interviews, refer to the digital recordings.

This complaint was department originated. The date and time of the incident was March 11, 2017, between 1239 and 1800 hours. The complaint reads as follows:

It is alleged Deputy Andrade inappropriately touched a victim of an alleged assault. He also made inappropriate comments to her.

Detective Carpenter from the Sexual Assault Crimes Unit originally received this case as a criminal investigation. During the investigation, it was determined no criminal act occurred and the incident was consensual according to the reporting party, Detective Carpenter conducted interviews, which were audio recorded, gathered evidence, searched for surveillance video, and completed a Detective Follow-Up Investigative Report documenting the above. Detective Carpenter provided me the following:

- Detective Follow-Up Investigative Report by Detective Carpenter
- Detective Follow-Up Investigative Report by Detective Kluge
- Arrest Report (Case # 17112848) by Deputy Juan Andrade
- CD containing photos of the Casa De Oro Storefront
- Drawing of inside the Casa De Oro Storefront made by
- CD containing audio recordings of (Complainant), (Witness), (Witness), and (Witness), and (Witness)
- Screenshots of cell phone showing incoming calls from a "private number"
- CAD Query printouts for E4013235 and E4013595

I read both Detective Carpenter and Kluge's reports, listened to the audio recordings, and reviewed the additional documents. I learned the following:

On March 11, 2017, at about 0630 hours, Deputy Juan Andrade logged on as 60P3A and worked patrol in the unincorporated Spring Valley area. At about 1242 hours, Andrade and several other deputies were dispatched to a radio call (CAD E4013235) reference an alleged battery at a transient encampment near 10400 Jamacha Boulevard in Spring Valley. Andrade arrived on scene at about 1246 hours. The reporting party, called 911 to report being physically assaulted by a man named physically assaulted by

RELEASED FROM I.A. FILES TO_______ At 16:39:07 hours, AVL indicated Andrade's vehicle was on Campo Road and travelling 69 MPH. The vehicle drove westbound on Campo Road at 16:39:22 hours at 56 MPH. Andrade then headed northbound on Bonita Street at 16:39:41 hours at 19 MPH and turned westbound onto San Juan Street at 16:41:47 hours at 21 MPH. San Juan Street is the alleyway that runs directly behind the Casa De Oro Storefront located at 9736 Campo Road. There is an approximate two minute gap between GPS pings when Andrade's vehicle was traveling 19 MPH and 21 MPH on San Juan Street. It is possible Andrade stopped his patrol car and had exit the car during this two minute gap in GPS signals. An additional interview is needed with to clarify this detail.

At 16:42:28 hours, AVL indicated Andrade's vehicle travelled southbound on Kenwood Drive at 50 MPH. Andrade continued on Kenwood Drive at 16:42:42 hours at 67 MPH and arrived to the fire call at 16:42:52 hours, according to CAD Query. Units 60P1A and 60P7A were also dispatched to the fire call and drove Code-3 to get there. Andrade was the closest unit to the fire call when dispatched and should have arrived first on scene. According to CAD Query, Andrade arrived almost one minute after 60P7A arrived. Upon reviewing a map of the area, the fastest route from Andrade's location to the emergency fire call was 94 West, exit Kenwood Drive, and turn left at the stop sign onto Kenwood Drive. According to AVL, both 60P1A and 60P7A took the fastest route possible and utilized the freeway. Andrade took the slower route, passed by the entrance to 94 West, and took a detour to the alleyway behind the storefront on San Juan Street. This was consistent with

At 16:45:25 hours, while at the scene of the fire call, Andrade cleared himself from the call and received another radio call, (Event #E4013603) of a disturbance between neighbors at 9210 Kenwood Drive. The location was within walking distance of the fire call. Andrade's vehicle remained idle at 0 MPH while he was on the argument call. There was no report taken reference the disturbance call. Andrade's vehicle did not move again until 17:09:32 hours and then traveled northbound on Kenwood Drive at 24 MPH. Andrade turned eastbound on Campo Road at 17:10:21 hours at 16 MPH. At 17:12:04 hours, Andrade's vehicle was on San Juan Street directly behind the Casa De Oro Storefront, sitting idle at 0 MPH. The sedan remained idle at the storefront location for the next 20 minutes. Andrade kept himself on the radio call for over 20 minutes after leaving the scene of his previous radio call, while he was at the storefront. This was consistent with statement that she and Andrade were at the storefront. Andrade cleared himself from the argument call as at 17:32:16 hours with a disposition of "CNTD BOTH PARTIES WHO CLAIM 415 OVER PARKING AND LIVING CONDITIONS AT APT COMPLEX. NO THREATS WERE MADE AND NO WEAPONS WERE USED DURING INCIDENT. BOTH PARTIES AGREED TO STAY IN OWN APT AND STAY WAY FROM **EACH OTHER."**

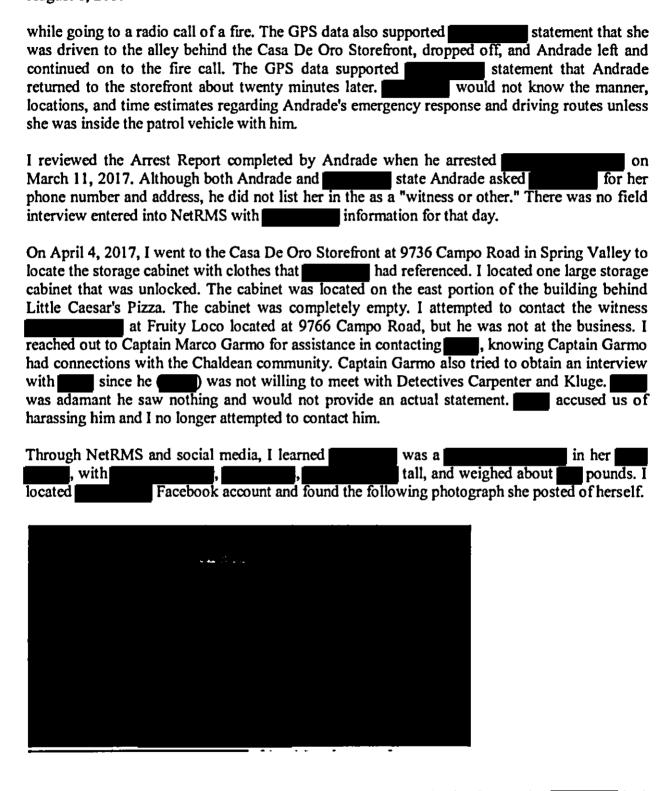

At 17:32:52 hours, Andrade received a radio call, (Event #E4013663) of a welfare check at 8627 Troy Street. At 17:33:02 hours the sedan began travelling westbound on San Juan Street and then continued westbound onto Campo Road and then southbound onto Kenwood Drive.

STATEMENT OF WITNESS(DEPUTY ERIC MITCHELL)

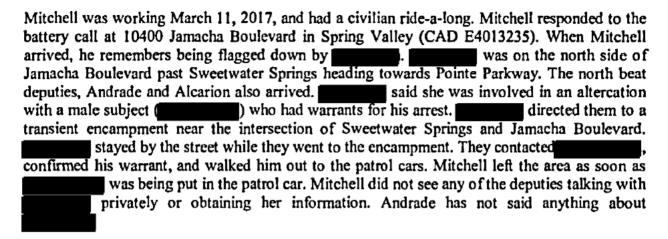

On April 26, 2017, at 1407 hours, I interviewed Deputy Eric Mitchell in the Community Room at the Rancho San Diego Sheriff's Station in Spring Valley.

Mitchell was given the opportunity to read the four Rules of Conduct as it relates to Insubordination, Intervention, Departmental Reports and Truthfulness. Mitchell indicated he understood the policies and would adhere to them.

Mitchell was aware I was recording the interview. A synopsis of this interview follows.

RELEASED FROM

TO

Mitchell has been employed by the San Diego County Sheriff's Department since July 2016, and currently works patrol at the Rancho San Diego Station. Prior to being hired with the Sheriff's Department, Mitchell worked for the Harbor Police Department for about 13 years.

Mitchell worked with Andrade for three weeks on a previous team and they have been on the same team for the last few months. They cover different areas, but still go to a couple calls together per shift. Mitchell considers Andrade a friend and they have done things outside of work. Mitchell has no knowledge of Andrade feeding or helping the homeless. Mitchell has never heard Andrade say anything about helping the homeless population. Mitchell was not aware of any storage cabinets behind the storefront that stored clothes for the homeless. Mitchell has never seen Andrade with an unauthorized ride-a-long. Mitchell has never heard of Andrade obtaining a female's phone number and later reaching out to them for his own personal reasons. He has never heard of Andrade acting inappropriately towards any females during radio calls.

Mitchell described the storefront and said there was no bench inside to secure prisoners. When asked if civilians were allowed in the storefront, Mitchell said he would allow a civilian ride-along inside the storefront, but otherwise civilians would not go inside. Typically if a civilian knocked on the door and had a question, Mitchell would step outside to answer their questions. Mitchell said, "There's not civilian civilians sitting there hanging out. Like I've said, I've seen a few people here and there bring ride-a-longs, that are civilian ride-a-longs. Hey I'm gonna knock out paper, I need to make a phone call or to use the restroom. But short of that, no."

I concluded the interview at 1425 hours with a retaliation order and an order not to disclose, both of which Mitchell stated he understood.

STATEMENT OF WITNESS (DEPUTY MICHAEL ALCARION)

On April 26, 2017, at 1429 hours, I interviewed Deputy Michael Alcarion in the Community Room at the Rancho San Diego Sheriff's Station in Spring Valley.

Alcarion was given the opportunity to read the four Rules of Conduct as it relates to Insubordination, Intervention, Departmental Reports and Truthfulness. Alcarion indicated he understood the policies and would adhere to them.

Alcarion was aware I was recording the interview. A synopsis of this interview follows.

Alcarion has been employed by the San Diego County Sheriff's Department for over three years and currently works patrol at the Rancho San Diego Station. Alcarion was working March 11, 2017 with his partner, Deputy Juan Andrade. Alcarion responded to the battery call at 10400 Jamacha Boulevard in Spring Valley (CAD E4013235). Andrade and Alcarion both responded to the battery call and initially could not find the reporting party, The deputies found and contacted her on the sidewalk. Alcarion and Andrade parked their patrol cars on Pointe Parkway and Jamacha Boulevard. Alcarion parked his patrol vehicle behind Andrade's car. Deputy Eric Mitchell was also on the call and parked nearby.
Andrade was primary on the call and spoke to told them about a white male who had battered her because he wanted to use her phone. It told Andrade about having a felony warrant and guided them in the direction of where his tent was. They contacted to the patrol vehicles and secured in the back of Andrade's car.
After was secured in the car, Andrade spoke privately with andrade and additional talking." Alcarion was standing near his patrol car and saw Andrade and talking. They were both standing near Andrade's patrol car. Alcarion was not staring at them the whole time, but did see them talking. Alcarion could not hear what was being said because of the distance. There was nothing odd or unusual about their contact. It appeared Andrade was just giving information about something and was just looking at him. Alcarion said, "Nothing that caught my attention." Left the area and Alcarion stayed with Andrade waiting for the reserve deputy. Andrade did not say anything to Alcarion about Alcarion has been partners with Andrade for about the last three months and they go to many radio calls together. Alcarion and Andrade are friends outside of work and Alcarion considers him a good friend.

Alcarion has never seen Andrade help transients nor do something kind for them. Andrade has never said anything about helping the homeless. Alcarion has never heard or seen Andrade give the homeless his food or give them money. Alcarion is not aware of any cabinets behind the storefront that has clothes for the homeless. Alcarion has never heard of Andrade giving someone an unauthorized ride-a-long. Alcarion has never heard of Andrade obtaining a female's phone number and later reaching out to them for his own personal reasons. Alcarion has never heard of Andrade acting inappropriately towards females during radio calls.

Alcarion described the storefront and said civilians sometimes come into the storefront when they need assistance. When asked if civilians ever go into the back area near the computers

When asked if he talked with about his personal problems, Andrade responded, "I don't remember." When asked about the second telephone call to that lasted for six minutes, Andrade said, "I don't remember that one. I can't recall."

When asked if first with Andrade at any time, Andrade said made some comments about his looks but he just dismissed it. Andrade could not remember when that occurred.

AB: Did flirt with you at any time besides the kiss?

JA: She made some comments, like you know you're, something about my looks or something like that and just, I just dismissed it.

AB: When did that happen?

JA: I can't remember, I can't remember when she made the comment.

AB: Okay was it in person?

JA: Yes.

AB: Okay. Was it when you were driving?

JA: No. I don't think so because I was too busy, um thinking about the call. If she made it, I couldn't remember.

who Attorney was and has not spoken to him. No one else has reached out to Andrade reference this investigation. When asked if there was anything else about Andrade's contact with he needed to tell us about, Andrade responded, "That was it. That was the only contact with her. I've never seen her before." When asked if there would be anyone else who might come forward with similar allegations such as same, Andrade responded, "I have no idea sarge." Andrade said nothing like this has ever happened to him before. Andrade concluded his statement by saying. I just want to apologize to the Department and um anybody that's involved in this and for bringing any sort of (sighs), just for having to put people through this. You having to investigate, my partners. Attorney Kowalski interrupted and told Andrade "that's good." I concluded the interview at 1109 hours with an order not to retaliate and an order not to disclose, both of which Andrade stated he understood. INVESTIGATION I conducted a search in NetRMS and learned Andrade took an Arrest Report on November 22, being the victim of a misdemeanor domestic violence battery (CN#15160620). Andrade was on scene from 2018 hours until about 2108 hours. Andrade took three photographs of and two photographs of the arrestee. On May 15, 2017, I drove to the storefront in Casa De Oro. I took numerous photographs behind the storefront and what I believed was the storage cabinet both Andrade and referenced. I opened the unlocked cabinet and saw it was empty except for a black hat. I photographed the inside of the cabinet. I sent a follow-up e-mail to Attorney Kowalski on May 25, 2017, regarding Andrade's deputy notebook and personal phone records from March 11, 2017. Kowalski and Andrade declined to provide the phone records I requested, but agreed to Andrade obtaining his deputy notebook from his locker. On May 30, 2017, at about 0800 hours, Andrade met me in the front lobby of the Rancho San Diego Station. I escorted Andrade to his locker and he retrieved the notebook for me. Andrade showed me the page that had a name, date of birth, and telephone number written. There was no address written down. I escorted Andrade back to the public entrance of the station. There was no discussion related to this case except for locating the specific page in the notebook. RELEASED FROM ζ,

STATEMENT OF ACCUSED (DEPUTY JUAN ANDRADE)

Throughout this interview, these initials will represent the following individuals.

On May 31, 2017, at 1107 hours, I conducted a second interview with Deputy Juan Andrade at the Internal Affairs Conference Room. Present during this interview was Sergeant Arnold Aldana from Internal Affairs and Andrade's attorney, Chris Kowalski. I read Andrade his Miranda rights from a printed form. Andrade understood his Miranda rights and was not willing to speak with me. I read Andrade the Garrity Admonition from the same form and ordered him to answer my questions fully and truthfully.

Andrade was given the opportunity to read the four Rules of Conduct as it relates to Insubordination, Intervention, Departmental Reports and Truthfulness. Andrade indicated he understood the policies and would adhere to them.

Prior to this interview, I afforded Andrade and his attorney the opportunity to review the following documents and recording. Andrade agreed he had sufficient time to review his previous interview and the documents I provided.

- Complaint for IA Case 2017-027.1
- Arrest Report written by Deputy Andrade from November 22, 2015 (#15160620)
- CAD Query details from E2972841

Andrade was aware I was recording the interview. A synopsis of this additional interview follows.

Andrade had provided me his deputy's notebook from March 11, 2017, when he wrote down name, date of birth, and telephone number. He did not change or alter the contents of his notebook.

RELEASED FROM I.A. FILES TO_____ I started the interview establishing foundational questions regarding Andrade's marriage. Attorney Kowalski objected to the personal line of questioning. Andrade said he has been married to his wife for almost eight years and is happy in his marriage.

I conducted follow-up questioning regarding the incident from March 11, 2017. I questioned Andrade regarding the private conversation he had with at the front of his patrol car. When Andrade spoke to privately by his car, he could "not recall" if he told he was married and had been married for six years. Andrade responded,

I don't recall um bringing that up. I mean it was an investigation. I don't know why I would bring that up.

When asked if it was possible he told about his marriage, Andrade responded, "I don't remember ma'am." I further clarified the question for Andrade and basically told him, how I would remember if I had shared personal information with someone. I again asked Andrade if it was possible he said that. Andrade responded, "It could be." Andrade denied telling his wife was a "frigid bitch" and that he was not getting affection from his wife. Andrade denied telling he was unhappy in his marriage. Andrade said he was professional with at all times during their private conversation.

I questioned Andrade regarding the telephone calls he had with the property of conversation with her, which totaled about 12 minutes of conversation within a 30 minute time span between 3:46 PM and 4:10 PM. I asked Andrade if he remembered any additional details regarding the content of their conversation. Andrade remembered did most of the talking about her situation. Andrade said, "That's all I can remember." Andrade said he did not tell his first name. When asked directly if Andrade told he was married during their phone conversation, Andrade responded he thought he remembered bringing it up, which is contradictory to his initial statement.

AB: During the phone conversation did you tell her that you were married?

JA: I think I remember bringing it up.

AB: Okay how come and why, how did it come up?

JA: I don't remember why. I think it was just (pauses). I'm trying to remember why I would bring it up. But I don't remember why I brought it up.

AB: Okay but you do remember that you were the one who brought it up?

mileage. Andrade responded, "I can't remember the exact time, but it sounds like it ma'am." Andrade thinks he was driving to the storefront with when this radio call was dispatched. Andrade said, "I was trying, waiting for the traffic to die down so I could put out the courtesy 11-48." Andrade said he was trying to multi-task.

Following the 40 seconds of solid radio traffic, I played 21 seconds of the air being clear on the radio and asked Andrade why he did not use that time to broadcast the courtesy transport. Andrade responded, "I don't remember ma'am." Andrade admits he could have broadcast the courtesy transport during the 21 seconds of silence on the radio and admits he should have broadcast the information as soon as he had the chance. Andrade had access to his radio the whole time when was inside his patrol vehicle. Andrade broadcast when he was en route "code" to the fire call and admits he could have let dispatch know during that time about the transport. Andrade said he was only thinking about the fire call at that time.

During his three years of patrol, Andrade has handled about 20-30 courtesy transports and broadcasted all of those on the radio because it is policy. When asked if was the only female he has transported and failed to broadcast the information. Andrade responded, "As far as I know she's the only person ma'am." Andrade has created calls on his MDC before, but did not do it this time because policy prevents him from typing on his MDC while driving. (Note: Andrade could have created a call when he was initially parked with near her campsite.)

Andrade admits he drove "Code-3" with in his patrol car. "insisted on being dropped off where the clothes were at" and did not want to get out of the car once Andrade started rolling code.

I showed Andrade two photographs of the back alleyway behind Little Caesar's Pizza. Andrade refers to the whole strip mall as the storefront. The photograph was specifically behind the area of Little Caesar's, which was located in the eastern portion of the strip mall closer to the chain-linked fence. I also provided Andrade three cut-outs of patrol cars (different sizes) in order for him to show me where he parked his patrol vehicle and explain the details of his contact with behind the storefront. Andrade pointed out the storage box, which was where the transients kept extra clothes. The storage box was attached to the building near the rear entrance to Little Caesars and was the only storage area near the chain-linked fence. It was kept unlocked. Andrade could not remember how many times he saw clothes inside the shed.

I told Andrade I was providing him the photographs and patrol car cut-out in hopes this would improve his recollection of the events from that contact when kissed Andrade. Andrade demonstrated the patrol car pulling in next to the storage shed with his patrol car facing west. Andrade exited the driver's side of the vehicle and closed his door. Andrade walked to the

RELEASED FROM I.A. FILES rear of his patrol car to access the right rear passenger door and opened the door for They both walked over to the storage shed and Andrade pointed to where the clothes were.

Andrade said,

()

We were both standing like right by the car, um when I pointed towards the clothes, she turned around. She hugged me, kissed me and I can't remember exactly what I did or what I said. All I kept thinking was going to the call. I jumped in the car and I drove code.

During the first interview, Andrade made no mention of a hug and only mentioned the kiss by

In his second interview, Andrade remembered had also hugged him
during their contact. When the hug and kiss occurred, was standing in front of
Andrade and they were both standing between the white cement parking block and the patrol car.

Andrade referenced the photograph to help him recall details of the incident. Andrade said

was "maybe inches" away from Andrade when she stood in front of him.

AB: And when she turns around, how close is she then to you?

JA: She was literally like on top of me when she turned around.

AB: Okay so did she turn around and say anything and then hug you, or did she? Tell me what happened on that part.

JA: I don't remember her saying anything. I remember her just turning around and next thing you know she's touching me and kissing me.

AB: Okay touching you. So what was that? You didn't mention that last time.

JA: Well it's kind of like, like to grab me to pull me in. So kind of like hugging me or grabbing me to pull me in.

AB: Okay we gotta, we have to break that down. So grabbing you where?

JA: I don't remember. I just remember her, just coming in and that's it.

Andrade did not remember how long hugged him, but said it was "way less than a minute." According to Andrade, there was no time gap between the hug and when kissed him. Andrade described the hug and kiss as "it just happened." I told Andrade, "I have to know what just happened?" I told Andrade I knew it was uncomfortable to talk about, but I needed the details. Andrade said,

She grabbed me and I can't remember if she tried to hug me or, I just felt her on me and kissing me.

Andrade does not remember what part of his body touched. I told Andrade I needed the details of the kiss.

JA: She kissed me and I tried to break away.

AB: Okay where did she kiss you?

JA: On the lips.

AB: Okay. Um how long was the kiss?

JA: Seconds.

()

AB: Roughly how many seconds?

CK: Keep in mind you're asking him something about three months ago.

AB: Correct. And so if you don't remember then you don't remember. But I'm trying to put you back to this place so that we can get the details of what happened.

JA: And I'm trying to do that ma'am. I just.

AB: So you said seconds. Okay.

Andrade thought the kiss could have been two seconds long. When asked if it was an open-mouthed kiss, Andrade responded, "I don't know cuz if it would have been open I would have." Sergeant Aldana stopped Andrade from finishing his statement about not knowing whether it was an open-mouthed kiss or not. Sergeant Aldana explained to Andrade how this was a significant incident and had someone kissed him while on duty, he would have remembered this.

JA: Sir you're trying to ask me to remember something that I've been trying to block for the past three months.

AA: Why are you trying to block it?

JA: Cuz I felt gross and disgusted.

Andrade again said the kiss was about two seconds in duration and then remembered had her mouth open. Andrade said, "I remember her trying to open her mouth and me trying to push her away." had her hands on Andrade during the kiss, but Andrade could not remember where her hands actually were. When asked how Andrade disengaged from the kiss,

Andrade said, "I just got in the car and walked away. I just turned around and walked away." Andrade later said he pushed her away as he disengaged from her, but could not remember what part of body he actually pushed.

JA: I don't know if it was her abdomen area, her arms, her chest. I don't remember. I just remember just.

AB: Okay is it possible that you pushed her backwards and touched her chest?

JA: Possible. Yes ma'am.

When asked if Andrade had any thoughts on what had just happened to him, Andrade said, "I was embarrassed and grossed-out." When asked why Andrade allowed to be so close to him, Andrade explained how they were standing close between the patrol car and the cement parking block. Andrade was just trying to show where the clothes were. I attempted to clarify how many times Andrade and had kissed:

AB: And was it more than one kiss?

JA: There?

AB: Yes.

JA: That was it.

(Note: I believed Andrade's response to my question by asking me "there?" was an unusual answer to my question. Andrade appeared either to be deceptive in his initial statement of saying there was only one kiss or he was stalling because he did not want to answer the question. By Andrade asking "there" indicates there was additional kissing at another location.)

Andrade confirmed his initial statement when he said the kiss from was weird and made him uncomfortable. Andrade was not flattered in any way with affection towards him. Andrade confirmed once he returned back to the storefront after handling his radio calls, he called to check if she was able to find any clothes.

AB: And you were uncomfortable with kissing you. Is that correct?

JA: Yes ma'am.

AB: Did you find her behavior of kissing you inappropriate?

JA: Yes ma'am.

AB: Did you find it offensive?

RELEASED FROM

I.A. FILE

JA: Yes ma'am,

AB: Then why even call her again to see if she got some clothes?

JA: I didn't think she was going to do that again. That was, there was, all I wanted to make sure was she got her clothes.

AA: Let me ask a quick question. Why were you so concerned about her?

JA: Because she asked for help.

AA: Okay. And then, so when you, so when she kissed you the first time and you felt uncomfortable, did you think about telling your supervisor what just happened?

JA: No sir.

AA: Why?

JA: Cuz I thought it was just, one of those weird things just happens and that's it.

Andrade confirmed he called when he returned to the storefront to make sure she found clothes. I explained to Andrade I had a difficult time understanding why he would put himself in a similar situation with after she kissed him and made him feel weird and uncomfortable. Andrade agreed people repeat their behaviors, based on what he has learned in law enforcement. When asked what made him think would not repeat her behavior and try to kiss him again, Kowalski interrupted and said he thought my questioning was ambiguous and did not know where I was going in my line of questioning. I explained to both Andrade and Kowalski that I was trying to understand Andrade's mindset because in our line of work, we know people can repeat the same pattern of behavior. Andrade said his "mindset was trying to help a person outTrying to give somebody a hand up. Nothing else. Nothing more.
Didn't need or want or request anything in return." Based on Andrade's previous statement, Andrade called and learned she had been offered a job changing lightbulbs by one of the local business owners. Andrade assumed was probably hungry and had not eaten. Andrade remembered he had leftovers inside the storefront and offered them to
AB: And you had just been feeling uncomfortable with kissing you, but you invited her to go into the storefront with you anyway, is that correct?
JA: Yes ma'am.

Andrade accessed the rear entrance of the storefront by entering the code. Andrade had no other

purpose of allowing into the storefront except to give her his leftover food.

AB: How many civilians or non-Sheriff's employees have you let in the back door of the storefront to use the bathroom?

JA: Me, myself. None ma'am.

AB: So was the only one?

JA: Yes ma'am.

AB: How many civilians or non-Sheriff's employees have you let in the back door of the storefront to give them your leftover food?

JA: None ma'am.

AB: Could you have let wait outside while you just went inside the storefront quickly to get the food?

JA: Yes ma'am.

AB: Why didn't you?

JA: Because she asked to wash her hands.

Andrade has seen senior citizens use the bathroom in the past, but admitted transients did not use that bathroom. Andrade explained how the transients typically stayed away from the storefront, but civilians sometimes would come to the storefront just to have a conversation. Andrade has let civilians use the restroom in the past.

I showed Andrade a photograph of the rear entryway of the storefront with the rear door open. I showed Andrade another photo that was taken a little bit further into the storefront. I showed Andrade a picture of the bathroom entrance and the microwave sitting on the table. Andrade was familiar with the storefront. I asked Andrade to focus on the photograph with the microwave because it was the location that Andrade indicated grabbed him. Andrade was standing at the microwave heating up the food for the food had been in the fridge and Andrade could not remember what the food was, but said it was leftovers from breakfast at Sunrise Deli.

AB: So you're standing in front of the microwave heating up the food, um I don't know. I could have sworn on the last time you said that you guys were inside and then she asked to wash her hands. And you showed her where the bathroom was.

JA: She asked when I was coming in, if I, she could wash her hands.

AB: So she asked when you were coming in if she could wash her hands RELEASED FROM

JA: Yes.

AA: Before we get any further, so prior to going back inside, did you guys address the kiss from previous?

JA: No sir.

AA: Why not?

JA: I didn't want to bring it up.

AA: Why? If it made you uncomfortable and it was so disgusting, why wouldn't you say what you did was inappropriate? Don't do it again.

JA: Cuz I thought it was just a one thing, one time happened. And I wasn't trying to be rude. I wasn't trying to bring it up sir.

AA: But wouldn't (Andrade interrupts)

JA: I didn't think she was going to do it again. That's why I didn't bring it up.

AA: I understand that. But wouldn't you have addressed it if it was so disgusting and inappropriate? I would have, for me personally I would have said that isn't gonna happen again. Don't ever do that again. See what I'm saying? But you didn't address it.

JA: I wasn't thinking to say that to her sir. I don't know why I wasn't thinking that, I just didn't.

AA: What were you thinking then? That it, everything was good? That it didn't happen?

JA: No I was thinking, hey she wants food. I'm gonna give her my leftovers.

AA: Okay.

()

JA: I know it's not the mentality you want us to think as deputy sheriffs, sir. But I try to give people the benefit of the doubt.

AB: Yeah that part, it's just hard Juan. I'm telling you because she crossed the line based on what you're saying. You have this girl who you've admitted has a drug history. We know she's homeless and you're trying to do something nice and she crosses the line. And now you continue to try and do something nice to her by giving her food, which is kind. Yet now you're going to invite her into a place that's even more private than being outside. Where there's no one to have your back. No one there. It's just you and her alone in a storefront. And you created that situation, is that correct?

RELEASED FROM

JA: Yes ma'am.

AB: So even though she wanted to wash her hands, what could we have told her?

JA: No.

I asked Andrade detailed questions regarding his contact with while they were inside the storefront. Andrade's statement changed from his first interview. In his first interview, Andrade stated he was heating up the food for and had his back to the bathroom. was washing her hands and when she came out of the bathroom, she grabbed him from behind and tried to turn him around. Andrade did not know if she was trying to kiss or hug him. When asked the same question in this interview, Andrade said, "She tried to kiss me again." Andrade previously stated the only kiss between him and was the one outside his patrol car behind Little Caesar's. I asked additional specific questions regarding Andrade's contact with while inside the storefront.

AB: Was there any contact between you guys during that time, physical contact?

JA: Uh, only when she came up and tried to hug me again.

AB: Okay that's after the hand washing. But before the hand washing, before you're getting the food, is there any, any contact between you guys during that time?

JA: No ma'am.

(.

AB: Okay, And then she, did you hear the water turn off?

JA: Yes ma'am.

AB: Okay. So the water turned off. Where did you think she was?

JA: I thought she was drying her hands.

AB: Okay, And then she came up behind you and you said that she grabbed you from behind, is that correct?

JA: She came around and grabbed me.

AB: What do you mean came around?

JA: I was, I had my back to her and she just came around and just tried to grab me.

AB: Okay, You gotta explain coming around. So was there a gap between you and the table?

JA: No I was standing right next to the table by the microwave.

AB: What does come around mean?

JA: She kind of like tried to spin me around to try and hug me.

AB: You gotta walk me through. Where was she grabbing?

JA: She just pulled me and kind of spun me around.

AB: Juan and I apologize this isn't going to catch what you're physically doing. So just try, think about report writing. So say it like report writing. What did she do?

JA: She grabbed me by the arm.

AB: Which arm?

JA: My right arm.

AB: Okay.

()

JA: She attempted to spin me around and hug me and I just broke away from her, grabbed her food, and walked out of the storefront with her.

AB: Okay so she grabbed you by your right arm and tried to spin you around to hug you. How do you know she was going to do that?

JA: I don't know what she was trying to do. I just saw her trying to do the same thing she tried to do outside and I just wanted to get out of there.

AB: And then in the previous statement you said that you thought she was going to try to kiss you, why?

JA: Cuz I could see her coming at me again.

AB: Okay what was the, what distance was she from your face?

JA: She was literally in front of my face.

AB: What other contact physically did you guys have besides her grabbing your arm?

JA: I don't know sarge. I was just trying to push her away.

AB: On your last statement again, you did say you tried to push her away and it's possible. Do you remember now after thinking about this, where you actually pushed her?

AB: Okay. So was she able to turn you around?

JA: I remember, Yeah.

AB: Okay so physically she was able to turn you around?

JA: Yes.

(,

AB: I don't understand how that's possible. Just based on, just based on your size. I mean if she weighs, I don't know, maybe. That she physically was able to turn you around. Did you resist?

JA: I thought she was just trying to tell me hey I'm done. I wasn't expecting her to just jump in again. When she grabbed me I just thought she was just trying, just like a sign or a gesture of like hey I'm done. And next thing you know, she's on me again.

AB: Okay how did she go from gesture of hey, to her being on you?

JA: It wasn't a gesture of hey. She grabbed me. I thought okay. Turned around and that's when she came at me again.

AB: Okay. She grabbed your arm and you thought it was her saying hey I'm done and then you turned, so you physically. Because before you said she turned you around. So you turned around on your own?

JA: Mm hmm.

AB: I'm sorry I can't hear Mmm hmm.

JA: She grabbed me. So I was like okay. So I just turned around and she came at me again and that's when I just pushed her away, grabbed her food and walked out.

AB: Okay so what I'm hearing now is she grabbed your arm, you thought that was her notice basically telling that she was done washing her hands. You just turned around to face her. So she did not turn you around. You turned around on your own and then she came in again?

JA: Yes ma'am.

JA: She tried to grab me and bring me in.

AB: And where did she grab you?

JA: Both arms. Shoulders.

AB: Okay how long did she grab you for?

JA: Seconds.

AB: And then did she move closer to you?

JA: She tried.

AB: Okay and that's when you said her face was inches between?

JA: Yes ma'am.

AB: Like how, two inches?

JA: Maybe.

AB: Okay did your noses, did anything on your face ever make contact?

JA: I think so.

AB: Okay so what made contact?

JA: The nose.

AB: Okay did lips accidentally touch?

JA: She tried to kiss me on the lips and I can't, she probably like scraped them and that was it.

AB: Okay and I don't want you to say probably because I don't want to misinterpret what you're saying. So just say what you do know. So did her lips touch your lips?

JA: Yes.

Andrade pushed away and cannot remember if he pushed her in the chest or abdomen area. Andrade told he had to go and began hinting about needing a hundred dollars to launch her music career. Andrade got the food out of the microwave and handed it to handle walked out of the storefront and followed behind him carrying the food.
Andrade admits he never addressed inappropriate touching. Andrade said he did not want to be rude and just wanted to get out of the situation. Andrade helps many local transients and gives them his food when he can. Andrade said part of the reason was because his station commander gave the deputies a challenge to take on a community project and Andrade picked homeless. Sergeant Aldana asked Andrade why he would take into a building away from the public after she had inappropriately kissed him. Kowalski objected to the questioning and felt the questioning was getting argumentative and was repetitive. Kowalski believed Andrade had already answered the question. Kowalski believed that Andrade was "getting beat up" regarding the question and felt the questioning was going too far under POBAR.
Andrade admits as a deputy, we typically do not turn our backs to people to prevent being assaulted or attacked. Andrade turned his back to because she had not closed the door and he was trying to give her some privacy. Andrade did not know if she was going to change her mind and decide to use the bathroom.
I asked Andrade to describe the clothes changed into behind the storage box behind Little Caesars. Originally, Andrade thought the clothes I showed him during the first interview were the clothes she was wearing during the earlier battery call. After thinking back, Andrade believes the clothes I showed him last time were actually the clothes she got from the cabinet and changed into.
In Andrade's previous statement, he told that she could "do better than him." When Andrade told this, Andrade was referring to Andrade has told other reporting parties they could "do better" than the person they were with. This has occurred during domestic violence types of calls because the victims act as though they are "not worthy." Andrade was trying to reassure and let her know she was worth something. Andrade did regret telling he was married, but he wanted her to know he was not available. Andrade said, RELEASED FROM

I didn't think that telling her that I was married was that big of a deal. But looking back, I just wanted her to know that I'm not available. I'm not, I'm not single. I'm not. I don't like people thinking that I have, that I'm out there available or single. I want people to know that I'm married.

During Andrade's previous interview, Andrade said he had never met or seen prior to March 11, 2017. Andrade reviewed the report he handled on November 22, 2015, when was the victim of a domestic violence incident. Andrade was primary on the call. Even after reviewing his report, Andrade still did not recall the incident or meeting at all.

I concluded the interview at 1227 hours with an order not to retaliate and an order not to disclose, both of which Andrade stated he understood.

INVESTIGATION:

On June 12, 2017, I sent a request to Data Services Engineer Esteban Masanis requesting a snapshot of Andrade's email accounts to include March 11, 2017 (the date of the alleged incident) and March 21, 2017 (the date Andrade was placed on administrative assignment). I received the snapshots the following day on June 13, 2017. I reviewed Andrade's e-mail account, which was a snapshot from April 4, 2017.

His e-mail account was mostly professional except for communication between him and an Office Support Specialist, Anita Yescas. Yescas and Andrade were communicating via e-mail in February 2017 and made lunch plans together. The following communication occurred on February 6, 2017:

Andrade wrote, "My normal work days are Wednesday Thursday Friday and Saturday. It's ok if you can't meet. I don't want to get you in trouble with your boyfriend. Lol."

Yescas responded, "Why would I get in trouble.. he knows I owe you lunch.. I told him."

Andrade responded, "Because deputies can get jealous when their hot girlfriend takes another guy to lunch."

Andrade's inappropriate email communication with Yescas contradicts his statement of being happy in his marriage and not wanting people to think he is "available." Andrade calling Yescas a "hot girlfriend" is flirtatious in nature and shows his character.

There were no other e-mails of significance and no communications about the March 11th incident.

RELEASED FROM

On June 13, 2017, about 1130 hours, I drove to the storefront in Spring Valley and contacted Little Caesars Store Manager to find out if they own the storage cabinet near the rear entrance of their store. Was not aware of the storage cabinet, so I showed him what cabinet I was referencing. He did not know who owned the cabinet and had never seen clothes in or around the cabinet. Little Caesars located at 9770 Campo Road, is the closest open business near the storage cabinet in the strip mall. The cabinet is actually located between 9772 and 9774 Campo Road, both of which are out-of-business locations. I obtained no further information regarding the storage cabinet.

gave us permission to take her cell phone and have it forensically downloaded as evidence in the case.

Detective Carpenter and I relayed the information to Sergeant Ken Jones. There was a technical issue with me being able to review the GPS data from Deputy Andrade's shift so I made arraignments to review it the following day. Detective Carpenter and I walked around the entire strip mall where the SDSO storefront was located to see if the location had any cameras. We contacted the owner of Rays Market, (9762 Campo Road) and an employee at Metro PCS, (9758 Campo Road). We learned the camera outside the front of Rays Market only kept recordings for 24 hours and then re-recorded. The Metro PCS camera that faced the front, outside portion of the store didn't record. Lieutenant Magana told us the SDSO storefront had no video surveillance cameras. I noted the SDSO storefront could be accessed in the alley way via a keyed entry pad and in the front by a key.

On March 21, 2017 I contacted Senior Crime and Intelligence Analyst Jeffrey Vandersip and asked him to forensically download the cell phone belonging to I did not discuss my investigation or the reason for my request with Vandersip. I then viewed the GPS data from Deputy Andrade's patrol sedan and I compared it with the information in the CAD reports and what I had learned from speaking . I saw that on March 11, 2017 at 16:30:51 hours, the patrol sedan driven by Deputy Andrade was sitting idle, (0 MPH) on Spring Glen Lane just west of Jamacha Boulevard. At 16:37:29 hours Deputy Andrade received a radio call to assist the fire department with an oven fire at 9109 Kenwood Drive #25 in Spring Valley. At 16:37:38 hours Deputy Andrade's patrol sedan was headed rthbound on Sweetwater Springs Boulevard at 27 MPH. The patrol sedan continued northbound on Sweetwater Springs Boulevard at speeds of 56 MPH, (16:38:07 hours), 62 MPH, (16:38:22 hours), 67 MPH (16:38:37 hours), and 44 MPH (16:38:53 hours). Sweetwater Springs Boulevard eventually becomes Campo Road shortly after crossing underneath Highway 94.

At 16:39:07 hours the patrol sedan was now on Campo Road and travelling 69 MPH. The sedan drove westbound on Campo Road at 16:39:22 hours at 56 MPH. The sedan then headed northbound on Bonita Street at 16:39:41 hours at 19 MPH. The sedan then turned eastbound onto San Juan Street at 16:41:47 hours at 21 MPH. San Juan Street was the alleyway that ran directly behind the SDSO storefront located at 9736 Campo Road. At 16:42:28 hours the sedan was travelling southbound on Kenwood Drive at 50 MPH. The patrol sedan continued on Kenwood Drive at 16:42:42 hours at 67 MPH. At 16:43:21 hours the sedan arrived at the location of the fire radio call. The sedan remained at the location and idle.

While at the scene of the fire call, Deputy Andrade cleared himself from the call and received a radio call, (Event #E4013603) of an argument at 9210 Kenwood Drive. The location was within walking distance of the fire call he was previously on. The patrol sedan continued to remain idle, (0 MPH). The patrol sedan didn't begin moving again until 17:09:32 hours and then headed northbound on Kenwood Drive at 24 MPH. The sedan turned eastbound on Campo Road at 17:10:21 hours at 16 MPH. At 17:12:04 hours the sedan was on San Juan Street directly behind the SDSO storefront and sitting idle (0 MPH). The sedan remained idle at the storefront location. Deputy Andrade cleared himself from the argument call at 17:32:16 hours. At 17:32:52 hours he received a radio call, (Event #E4013663) of a welfare check at 8627 Troy Street. At 17:33:02 hours the sedan began travelling westbound on San in Street and then continued westbound onto Campo Road and then southbound onto Kenwood

PHOTO LINE-UP ADMONISHMENT

1A CASE # 2017-027.1

In a moment I am going to show you a sequence of photographs. This sequence of photographs may or may not contain a picture of the person who committed the and now being investigated. The fact that the photographs are shown to you should not influence your judgment. You should not conclude or guess that the photographs contain the picture of the person who committed the and the fact that photos are being shown to you should not cause you to believe or guess that a guilty person has been caught. You are not obliged to identify anyone. It is just as important to free innocent persons from suspicion as to identify guilty parties. Please do not discuss this case with other persons, nor indicate in any way that you have identified someone.

Please keep in mind that hairstyles, beards, and mustaches are easily changed. Also, photographs do not always depict the true complexion of a person; it may be lighter or darker than shown in the photo.

You should pay no attention to any markings or numbers that appear on the photos. Also, pay no attention to whether the photos are in color, or in black and white, or any other difference in the type or style of photographs. You should study only the person shown in each photograph.

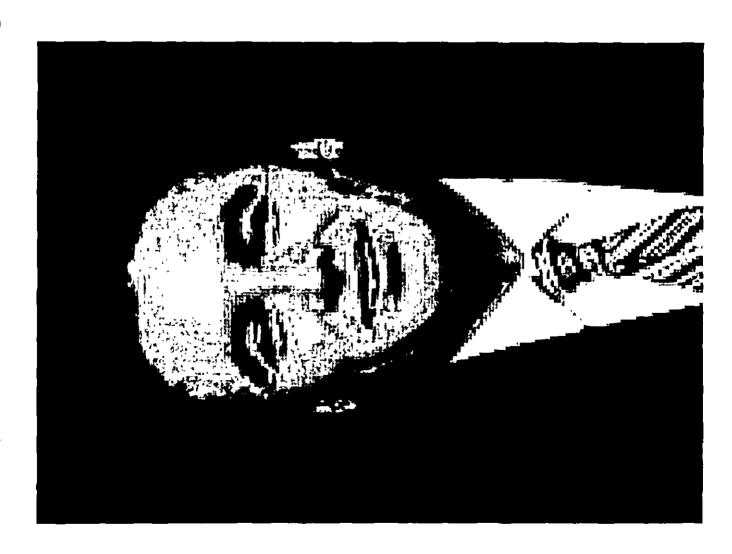

Please do not talk to anyone other than Sheriff's staff while viewing the photos. You must make up your own mind and not be influenced by other witnesses, if any.

When you have completed viewing all the photos, please tell me whether or not you can make an identification. If you can, tell me in your own words how sure you are of your identification. Please do not indicate in anyway to other witnesses that you have or have not made an identification.

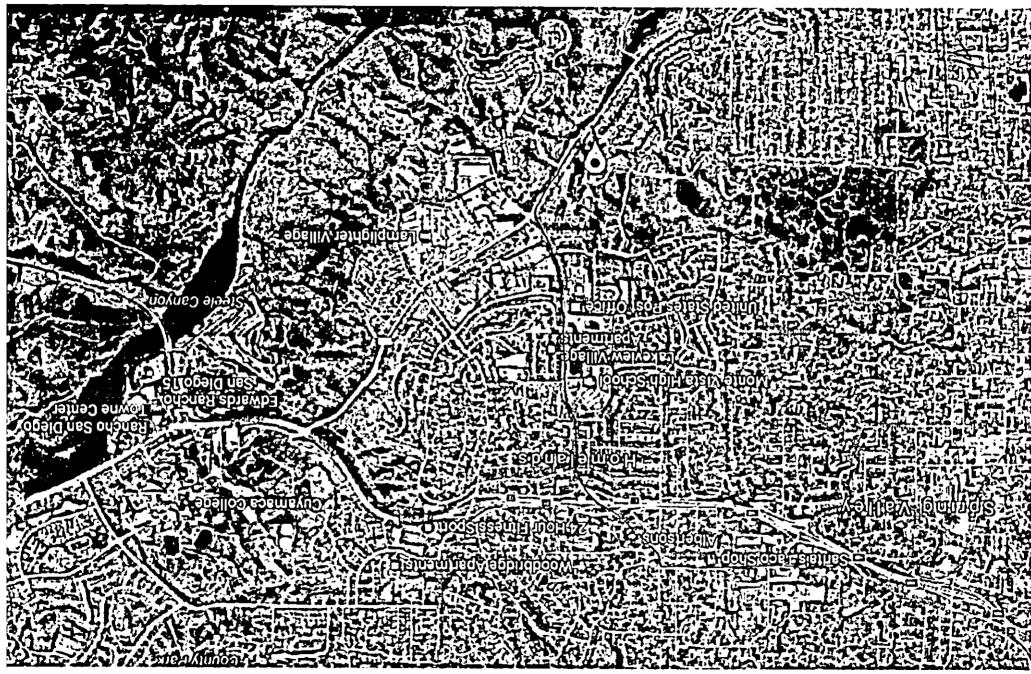

Thank you.

VIA EMAIL

RE: IA 2017-027.1 - Juan Andrade

Dear Mr. Kowalski:

This letter serves to memorialize the disciplinary agreement between the San Diego County Sheriff's Department and your client Juan Andrade. As it relates to whether Mr. Andrade was untruthful with the Internal Affairs investigator during his internal affairs interview, both parties believe that their positions are true and correct and if a Civil Service Commission hearing were conducted, both sides believe that they have a reasonable likelihood of prevailing. However, both parties acknowledge that circumstances exist that may make it difficult to prove our respective positions. Given the nature and severity of the issues and potential outcomes of this case, both parties agree that a disciplinary agreement is in the best interests of all parties.

Specifically, Mr. Andrade agrees to tender a written resignation to the Department, effective May 23, 2018. As a result of Mr. Andrade's resignation, the Department will enter the reason for his leaving Department service as resignation and it will be coded in the personnel system under the code RLT (Resignation in lieu of termination).

Further, Mr. Andrade will, and does by his signature below, waive his right to any further administrative review or appeals. Additionally, Mr. Andrade will notify the San Diego County Civil Service Commission of the resolution of this matter, and the withdrawal of his request for a Civil Service hearing. Finally, Mr. Andrade waives any right to seek judicial review of the process or substance of this disciplinary resolution.

In exchange for the agreement above, the Sheriff's Department agrees to modify Cause VI in the order of termination, from a sustained violation of Sheriff's Policy and Procedure Section 2.46 (Truthfulness), to not sustained.

All terms of this agreement are contained within this document, and any alteration or modification of this agreement must be done in writing. If you have any questions regarding the above, please do not he sitate to call me.

WILLIAMO GORE, SHERIFF

Robert P. Falgin, Director of Legal Affairs, Chief Legal Advisor
Office of the Sheriff – Legal Affairs Unit

I, Juan Andrade, hereby stipulate that I have read and agree to the terms set forth in the above agreement and I have had the opportunity to confer with my legal counsel.

SKELLY CONFERENCE DEPUTY SHERIFF JUAN ANDRADE LA. CASE #2017-027.1

SYNOPSIS

Juan Andrade is a Deputy Sheriff who was assigned to the Rancho San Diego (RSD) Station at the time of this incident. He was the subject of the above referenced Internal Affairs (IA) investigation for the allegation of inappropriately speaking to and touching a reported assault victim. As a result of that IA investigation, Sergeant (Sgt.) Amber Baggs sustained violations of the following Departmental policy and procedure (P&P) sections in relation to the allegation:

- 2.3 Violation of Rules per sections 5.5 Safety Belt Procedure
- 2.3 Violation of Rules per section 6.12 Transporting Prisoners of the Opposite
- 2.4 Unbecoming Conduct
- 2.30 Failure to Meet Standards (x2)
- 2.46 Truthfulness

The incident in question occurred	on March 11, 2017, starting about 1240 hours, when Deputy
Andrade responded to a radio call	of an assault near a transient encampment in the 10400 block
of Jamacha Road in unincorporate	d Spring Valley. Upon arrival, Deputy Andrade contacted the
alleged assault victim,	, and spoke to her privately near his assigned patrol
vehicle. This conversation was no	t heard by other deputies on scene, nor by the reported
suspect, who was	vas seated in the back seat of Deputy Andrade's patrol vehicle.
This initial incident was resolved	
outstanding felony warrant and De	puty Andrade determined that no actual assault had occurred.

Andrade made a request to have a physical encounter with her in the nearby bushes during their prior conversation. This claim was supported by a series of cellular calls that Deputy Andrade made to over the next few hours. These calls were reported to have sexually explicit content and to contain inappropriate personal information about Deputy Andrade.
The content of these calls was, at least, partially confirmed by a male witness, who also resided at the transient encampment with and others. It told investigators he overhead portions of the conversation between and a male caller, subsequently identified as Deputy Andrade, and was able to quote specific, highly provocative words had independently reported to investigators previously.
After the series of telephone calls, told that she was leaving the encampment to be picked up by Deputy Andrade. This was supported by Deputy Andrade's subsequent admission and the statement of an independent female witness, had known for years and saw enter the back seat of a marked Sheriff's patrol vehicle around the same timeframe.
Later, reported to investigators that disclosed the events involving the contact with Deputy Andrade on March 11, 2017, to her in explicit detail. In response, encouraged to report the incident to the Sheriff's Department.
The second, in-person contact between Deputy Andrade and occurred hours after the assault call had been investigated and resolved. It led to several allegations of misconduct by Deputy Andrade. From the transient encampment, Deputy Andrade admitted to transporting to the Casa de Oro Storefront and to, eventually, bringing her inside the Storefront building. The two were isolated inside the building alone.
Under questioning by IA Sgt. Baggs, Deputy Andrade admitted to physical contact with inside the Storefront. Deputy Andrade denied being the aggressor, but gave no reasonable explanation as to his response, or lack of appropriate response, while claiming to be the victim of an assault by
Conversely, claims indicated Deputy Andrade was responsible for kissing and fondling her, which she initially indicated were consensual.
Leading up to their arrival at the Storefront, Deputy Andrade was accused of allowing to participate in an unauthorized emergency vehicle response. While transporting from the encampment to the Storefront, Deputy Andrade admitted to having inside his vehicle without ensuring she was properly seat belted and without notifying the Communications Center of her presence in the vehicle.

Deputy Andrade was delayed in arriving to the fire call because he was forced to drop off at the Storefront, prior to responding to the scene. The Sheriff's Communications Center was able to provide automated vehicle locator (AVL) data that confirmed Deputy Andrade deviated from the most expedient route to the call to stop briefly at the Storefront.

Finally, Deputy Andrade was accused of being untruthful in his initial statements to IA investigators by omitting pertinent factual information in response to direct questioning.

COMMAND RECOMMENDATION

The IA investigation resulted in several sustained findings against Deputy Andrade for violations of Department P&P, to include the following sections:

- 2.3 Violation of Rules per section 5.5 Safety Belt Procedure
- 2.3 Violation of Rules per section 6.12 Transporting Prisoners of the Opposite Sex
- 2.4 Unbecoming Conduct
- 2.30 Failure to Meet Standards (x2)
- 2.46 Truthfulness

In response, after weighing both the aggravating and mitigating circumstances, RSD Lieutenant (Lt.) Michael Blevins recommended that Deputy Andrade be terminated from employment with the Sheriff's Department. Lt. Blevins reasoned:

"Deputy Andrade's actions have eroded department credibility, the trust of department members, public confidence, and he has opened the Department to liability for his actions. He has put himself and the Sheriff's Department at risk by not following Sheriff's policy. Deputy Andrade has intentionally violated several Sheriff's policies and has failed to meet the standard for a Deputy Sheriff."

CONDUCT OF SKELLY CONFERENCE

I was assigned as the Skelly Conference Officer for Deputy Andrade on December 8, 2017. By mutual agreement, the conference was scheduled for January 17, 2018, at 1000 hours at the Sheriff's Administration Center - Internal Affairs Conference Room.

In preparation for the Skelly Conference and prior to reaching a decision, I reviewed IA case #2017-027.1 and the following related documents:

- Notice of Proposed Disciplinary Action
- Notice of Intent of Termination and Charges
- Discipline Recommendation and Rationale
- Investigative Report

- Skelly Conference Letter
- Order Not to Disclose Materials
- Declaration and Acknowledgement of Personal Service
- Investigative Supplemental Report

The Skelly Conference was convened as scheduled on January 17, 2018, at about 1006 hours. Deputy Andrade and I were present, as was Mr. Chris Kowalski, Deputy Andrade's employee representative, from the Law Offices of Bobbitt, Pinckard and Fields. Neither Deputy Andrade nor Mr. Kowalski expressed any objections to me acting as the Skelly Conference Officer.

Mr. Kowalski confirmed receipt of the following;

- He had received the Notice of Proposed Discipline
- He was aware of the reason for the action
- He had received a copy of the investigative reports and other relevant material concerning the matter
- He was aware that this was his opportunity to respond to the charge and the proposed discipline.

Mr. Kowalski's only concern regarding potential missing documentation was information from Deputy Andrade's RSD Station File. In response, I stated that I would ensure they were granted access to the information upon request.

The conference was digitally recorded and the recording was subsequently downloaded onto a compact disc, which was submitted with this report. The conference was concluded on January 17, 2018, at about 1043 hours.

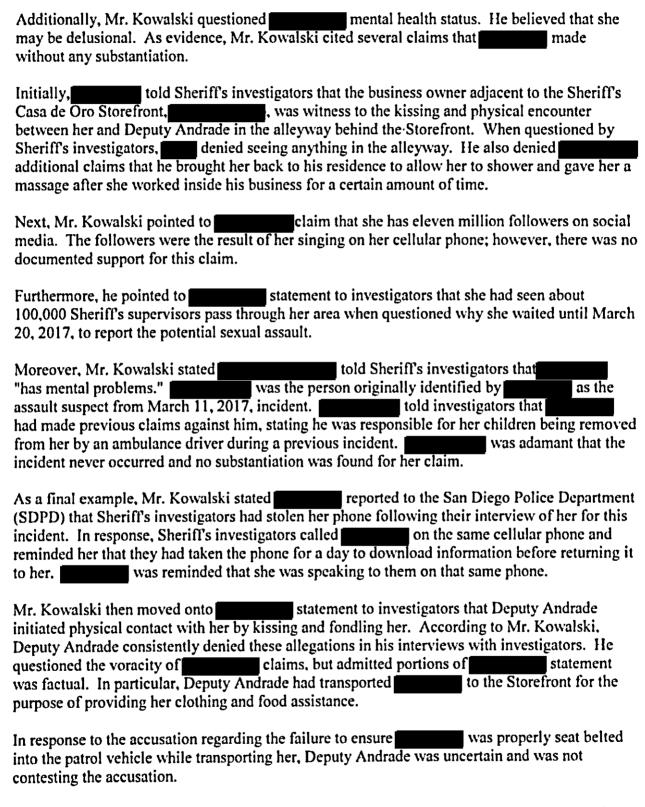

RESPONSE TO CHARGES

Mr. Kowalski provided oral rebuttal to specific charges and the proposed discipline, on Deputy Andrade's behalf, with limited direct input from Deputy Andrade.

First, Mr. Kowalski explained that the incident on March 11, 2017, should be categorized as "a series of unfortunate events," which were the result of Deputy Andrade's attempt to help	
He stated that Deputy Andrade had a documented history of volunteering and providing assistance to charitable groups, and that a list of various charitable activities had been provided to Lt. Blevins during the previous Mitigation Conference on September 6, 2017.	
Mr. Kowalski further expressed concern that the accusations made by came about after had a conversation with one of the listed witnesses. The result of that conversation led to retain an attorney to represent her in a potential civil muit. Mr. Kowalski questioned motives, as she did not appear to have any concerns about the encounter on March 11, 2017, when she spoke with Sheriff's Sexual Assault

Mr. Kowalski's then turned his primary focus to the accusation of untruthfulness. During Deputy Andrade's interviews with IA investigators, Mr. Kowalski contended Deputy Andrade had remained consistent in his statements. Mr. Kowalski claimed investigators misunderstood the "semantics" involved in the two separate interviews and interpreted his responses as containing omissions of pertinent facts. Both IA investigators and Lt. Blevins had indicated they believed Deputy Andrade left out information and was unable to recall details in his initial statement to investigators. This included a lack of responses to direct questions. Mr. Kowalski contended that it was a matter of perception: investigators interpreted Deputy Andrade's statements one way, while the statements were consistent and intended in the same way each time.

Mr. Kowalski further stated that Deputy Andrade's responses during the second interview were the result of more specific questioning. For example, when and Deputy Andrade's lips touched, investigators defined that action as a "kiss," whereas Deputy Andrade explained it as lips "brushing" against each other.

Mr. Kowalski added Deputy Andrade was being asked to recall events that "occurred in an instant" and that Deputy Andrade conceded "he didn't handle the incident the best way he could have." Mr. Kowalski admitted Deputy Andrade should have brought the incident to a supervisor's attention much earlier, but Mr. Kowalski believed Deputy Andrade did not recognize the incident as being as significant as it was. Deputy Andrade had "rebuffed" advances and he did not feel threatened, or physically assaulted by her, and he only wanted to help her.

Mr. Kowalski also took exception to Sgt. Baggs' classification of Deputy Andrade's actions during this incident as incompetent and inefficient. He stated that Deputy Andrade did not feel threatened by and, as a result, did not feel the need to protect himself against an assault. Deputy Andrade's response to continued advances was to escort her out of the Storefront following the second attempt to "kiss" him. In Mr. Kowalski's assessment, this demonstrated a measure of control without overreaction. Mr. Kowalski added was not a "felon" or a "dangerous person" and Deputy Andrade's actions were not indicative of a perceived threat.

In closing, Mr. Kowalski asked me to consider this incident as a mishandling of well-intentioned actions. He stated this one incident was not reflective of Deputy Andrade's six years of service, his documented charity work, or prior military service.

DISCUSSION

When conducting my review of the documents and attached digital recordings, I found myself having a hard time reconciling Deputy Andrade's claimed intentions with his actions on March 11, 2017. Deputy Andrade gave every appearance that he was doing something that he wanted concealed from others.

at the scene of the reported assault was conducted His initial conversation with outside the presence of any other deputy and was secluded by his vehicle. Deputy Andrade allowed himself to become the target of potential misconduct accusations and the encounter was characterized by at least one witness as "flirtatious." In of itself, this contact could be overlooked considering the witness was the alleged suspect of the assault and a wanted felon; however, it does not explain the series of additional unusual actions undertaken by Deputy Andrade through the remainder of the day. Deputy Andrade admitted to making multiple calls to that day, following the initial contact. I question the need for multiple calls to an individual who did not even appear to ask for help. Deputy Andrade could have returned to the scene with the charitable items, food and clothing, without moving to any other location. Certainly, with his contacts, Deputy Andrade had the ability to connect with one of the charitable organizations he had assisted in the past. I believe the multiple phone calls to would have been considered unusual by his peers and Deputy Andrade made a conscious choice not to share this information with them because they would have questioned his motives. Obviously, the content of the phone calls, as reported, was not appropriate. The sexually explicit information that was overheard by the one witness confirms Deputy Andrade's intentions were neither strictly business nor charity-related. Deputy Andrade claims that was the aggressor during the incidents of physical contact: however, he continued to place himself in a position to be accused of inappropriate conduct after the initial "kiss." Deputy Andrade went to a Sheriff's facility knowing that his partners were not there and he would be isolated with

Deputy Andrade claimed he wasn't able to broadcast his transport of to the Storefront over the radio; however, my review of the radio traffic did not support this claim. Additionally, Deputy Andrade made no attempt to contact his partners or the Communications Center, via cell phone, as is commonplace for today's patrol deputies.

Finally, during my conversation with Deputy Andrade in regards to the events of March 11, 2017, Deputy Andrade admitted he was "embarrassed" and had "no desire" to talk to his supervisor or peers about the incident at the time. I believe this was indicative of his knowledge that his actions were inappropriate and he wanted to keep the events concealed. I further believe, in my review of his statements, that his shame kept him from fully responding to the questions asked by investigators during the first interview. He wanted this incident to go away and only reluctantly answered the investigators' questions during the subsequent interview because they continued to pursue him. They were seeking clarity and he was struggling to explain his actions that day. Deputy Andrade's own statement, during our conversation, is indicative of his assessment of his actions from that day: "I should have done way better. In hindsight, I could have done things way different." I concur and believe that Lt. Blevins more adeptly summarized Deputy Andrade's actions in closing his R&R:

Disciplinary Recommendation and Rationale for Deputy Sheriff Juan Andrade RE: Internal Affairs Case: 2017-027.1

RECOMMENDATION

I have read the investigation and listened to the recorded interviews prepared by Sergeant Amber Baggs. Sergeant Baggs found Deputy Andrade in violation of Department Policy and Procedure sections:

- 2.4 Unbecoming Conduct
- 2.30 Failure to Meet Standards
- 2.3 Violation of Rules as it relates to Section 6.12 Transporting Prisoners of the Opposite Sex
- 2.3 Violation of Rules as it relates to Section 5.5 Safety Belt Procedure
- 2.46 Truthfulness

I concur with Sergeant Baggs' conclusions and findings. Based on the nature of the conduct, and after weighing the factors in aggravation and mitigation, I recommend Deputy Andrade be terminated from his employment with the Sheriff's Department.

RATIONALE

Sergeant Baggs' investigation was thorough and fair and there is a preponderance of evidence to believe the alleged misconduct occurred. In reviewing the investigation and recordings, I have found no evidence of bias or ill will by Sergeant Baggs or any of the witnesses in this investigation. Deputy Andrade's misconduct was independent of any verbal or written order by a Department supervisor.

RELEASED FROM
I.A. FILES
TO______

On September 6, 2017, at 0900 hours, I met Deputy Andrade and his employee representative, Attorney Chris Kowalski, in a conference room on the second floor of the Sheriff's Administration Building. Before making my disciplinary recommendation, I provided Deputy Andrade and Attorney Kowalski a copy of the investigation to review. At 1205 hours, I began the audio-recorded meeting with Deputy Andrade and Attorney Kowalski. The recorded meeting was transferred to a CD and is attached to this report.

The facts in this case are only partially in dispute. Deputy Andrade was a patrol deputy assigned to the Rancho San Diego Station on March 11, 2017. On that date, he responded to assist on a call of an assault at 10400 Jamacha Blvd., Spring Valley, CA (CAD# E4013235) at approximately 1242 hours near a homeless encampment It is not in dispute that during the call, Deputy Andrade contacted and spoke with her by his patrol car. It is undisputed that he asked her and received her name, date of birth and cell phone number as part of the conversation. The rest of their conversation by the car is disputed. Stated Deputy Andrade told her he wanted to take her into the bushes and make out with her. She later posted on her Facebook that day that she "Met a police officer who wanted to take me into the bushes" Deputy Andrade denied making that comment and indicated his conversation was only related to information relevant to the investigation. In his report, Deputy Andrade listed in the narrative of his report, but did not list her as a witness or "other," nor did he provide her identifying information in the report. In his incident report, Deputy Andrade indicated that told him the incident was "only verbal and never physical." However, in his statement to Internal Affairs, Andrade indicated had told him the suspect, had poured a drink on her and he confirmed with her that she did not want a battery report taken because she only wanted her phone returned and she wanted to leave the area.
Deputy Andrade left that scene and handled a couple of other radio calls. It is undisputed that while on duty, Deputy Andrade later called on her cell phone more than once. The first time was at about 1546 hours. Deputy Andrade stated the reason he called was to arrange to give her a pamphlet with information about shelters and things that might help her out. Deputy Andrade stated that during their prior conversation, mentioned she needed assistance, so he believed giving her the pamphlet would assist her. It is not disputed that Deputy Andrade telephoned more than once prior to meeting her again at the encampment. The conversations they had were disputed. According to her telephone records, believed Deputy Andrade made four telephone calls to her prior to their meeting. One call was at 1546 hours and lasted 5 minutes and 44 seconds; another was at 1610 hours and lasted 6 minutes and 6 seconds; another was at 1624 hours and lasted 29 seconds; and the final one was at 1633 hours and lasted 10 seconds. Deputy Andrade said he called twice, once about giving her the pamphlet and once to tell her he had arrived near the camp to give her the pamphlet.
indicated Deputy Andrade talked to her on the phone about wanting to make out with her and wanting to touch her. He also talked about being unhappy in his marriage and referred to his penis as a "golden cock" or a "golden rod." A third party witness, was
RELEASED FROM

present during one conversation and he overheard Deputy Andrade, on speaker phone, say he had a "golden rod." He also heard Deputy Andrade say he wanted to pick up from the camp. During his initial Internal Affairs interview, Deputy Andrade indicated he did not recall much about the conversations he had on the telephone with the believed he called her twice, once to tell her he wanted to give her a pamphlet, the other time to tell her he was near the camp to give her the pamphlet. He then indicated that told him about her drug history and about wanting to get her kids back. He indicated he possibly told her that he was married, but he could not remember telling her anything else about his personal life or anything about his wife. During his second IA interview, Deputy Andrade could not provide much additional information about the conversations, other than was the one who did most of the talking about herself and her situation.

It is not in dispute that Deputy Andrade transported from the camp where she was staying to the Sheriff's Casa De Oro Storefront, located at 9736 Campo Road. Both Deputy Andrade and agreed that Deputy Andrade's stated purpose was to get her some clothing from a cabinet behind the storefront. It is also undisputed that, during a portion of the transport, Deputy Andrade was traveling Code 3 because he had received a radio call to assist on a fire. Deputy Andrade admitted he did not ensure was properly seat belted in his vehicle before he drove with her in the vehicle. He stopped at the storefront to drop off on the way to the fire. At no point did he inform the Communication Center that he was transporting a person of the opposite sex, as he knew he was supposed to do.

Policy and Procedure Section 6.12 outlines the procedures for Transporting Prisoners of the Opposite Sex. The deputy is required to notify the Communication Center that he is transporting someone of the opposite sex and the destination where they are being transported to, along with the starting mileage of the transport. The Communication Center will then provide the deputy with their start time over the air. Likewise, when the deputy arrives at their destination, they are required to broadcast their arrival and their ending mileage, and the Communication Center will again broadcast the ending time. (The purpose of this procedure is to protect all persons involved.)

Through training and general practice, this policy and procedure section has been expanded to include deputies broadcasting the same information during the courtesy transportation of persons of the opposite sex. This has been trained to new patrol deputies and practiced for over 10 years. Deputy Andrade admitted he is aware of this procedure because he admitted in his IA interview that he had made radio broadcasts when transporting persons of the opposite sex on approximately 20-30 prior occasions. This transport of was the only time he did not broadcast the information. He indicated there was not time for the broadcast because the radio was busy; however, Sgt. Baggs' investigation showed there was time where the radio was clear when Deputy Andrade could have made the broadcast. He also could have made the broadcast or put the information in the MDC before he started driving. I find Deputy Andrade's excuses for not broadcasting his transport of this female were not credible.

RELEASED FROM I.A. FILES

Deputy Andrade indicated said she wanted to "get out of there" and possibly go to El Cajon or La Mesa. He was going to drive her to one of the locations and, on the way, pick up some clothes for her in the cabinet behind the storefront. While driving to the storefront, he received the fire call and wanted to drop off, but when he told her he was going to told him she did not want to get out and, because Deputy stop and let her out, Andrade did not want to "fight with her," he drove Code 3 with lights and siren toward the storefront to drop her off. The activities that occurred upon their arrival behind the storefront are in dispute. They both exited the vehicle. states when she got out of the vehicle, Andrade started kissing on her mouth. He also touched her breast and vagina over her clothing and told her his penis was hers. He then told her he had to go to the fire call but he would return to get her something to eat. According to the was gone for 10-20 minutes. According to Deputy Andrade, once he got to the parking lot behind the storefront, he stopped to out of his patrol vehicle. In his first IA interview, he said that he walked with her to the cabinet and then started to turn to walk back to his car. At that point, Deputy Andrade said "just turned around and kissed me." In his second IA interview, Deputy Andrade indicated hugged and kissed him, that she "grab me to pull me in. So kind of like hugging me or grabbing me to pull me in." He indicated she tried to kiss him with an open mouth and he tried to push her away. But at the same time, he estimated the kiss could have lasted for two seconds. That is a long time to hold a kiss if he was "grossed out" and felt "gross and disgusted" by her kissing him. He then left and went to the fire call. After handling the fire call he responded to another call, an argument, before he returned to the storefront. He failed to clear himself from that call and stayed on the call until approximately 1732 hours. This prevented him from being dispatched to another call and enabled him to stay longer at the storefront and not be interrupted. The AV Records show his vehicle was there from approximately 1712 to 1732 hours. It is undisputed that he met with again, this time for the stated purpose of giving her some food. According to [, she believed Deputy Andrade called her at 1708 hours and 1712 hours, and both times she missed the call. Based on her phone records, states he called her again at 1713 hours and asked her if she was still in the area because he wanted to give her some food. She met Deputy Andrade at the storefront and he let her inside. He started heating up some food and she used the restroom to wash her hands. Then, as they were standing by the microwave, Deputy Andrade started kissing her and touching her breast. He also put her hand on his pants in the groin area and she felt his penis was erect. She indicated his touching her was consensual, but that it felt weird and uncomfortable because they were in the substation and she thought someone might catch them. He asked her, are you alright? And she replied, yes I'm ok. At some point, Deputy Andrade told her he had to leave to end his shift. They left the storefront and Deputy Andrade left the area. RELEASED FROM

Deputy Andrade disputes version of the events inside the storefront. In his initial IA interview, Deputy Andrade admitted they met at the storefront again and that he provided with some food inside the storefront. He admits she went to the bathroom to wash her hands and she came out and was by him at the microwave. Deputy Andrade states tried to hug or kiss him again. He clarified the contact by indicating she grabbed him and tried to turn him around to either hug him or kiss him and he stopped her by giving her the food to eat. He denied there was any kiss that occurred. Deputy Andrade said he did not know if he accidentally touched breast when he pushed her away from him. He also denied being sexually aroused. He indicated they were in the storefront together "way less than five minutes."

In Deputy Andrade's second IA interview, Sgt. Baggs attempted to clarify what happened inside the storefront. Deputy Andrade stated that asked to come in and wash her hands. He stated they went inside and washed her hands while he heated up the food. After she washed her hands, she came up behind him and grabbed his right arm and spun him around and tried to hug and kiss him again. He indicated he "just wanted to get out of there" so he broke away from her and gave her the food and walked outside with her. He later indicated that he pushed her away from him after she physically turned him around. Then he stated she "came at me again." He then indicated she grabbed him by both arms or shoulders and moved closer and "scraped" their lips together. Their lips touched for an "instant" and then he pushed her away, but he could not recall where he pushed her. After that they left the storefront.

<u>Pre-Discipline Meeting and Considerations</u>

I contacted the Internal Affairs Unit and found Deputy Andrade has no record of prior discipline. Deputy Andrade has been a deputy sheriff for over 5 years.

During my meeting with Deputy Andrade, his attorney, Chris Kowalski, did most of the speaking on behalf of Deputy Andrade. Attorney Kowalski started by talking about Deputy Andrade's positive work record, including giving me copies of two Exemplary Performance awards and one Letter of Commendation that Deputy Andrade had received. He also provided me with an email that Lt. Magana had written to him, thanking him for volunteering for being the "Secret Santa and representing RSD with the upmost professionalism." Attorney Kowalski also provided me with a typed up document listing Deputy Andrade's awards and the volunteer work Deputy Andrade has performed during 2017. Attorney Kowalski asked that I make the copies of the documents part of my Recommendation and Rationale, so they have been attached to this document.

Attorney Kowalski went on to give a history of Deputy Andrade's employment with the Sheriff's Department and also gave some background on Deputy Andrade's career in the US Navy, where he retired as a Chief and had volunteered on numerous occasions to assist others. Attorney Kowalski also mentioned some of the medals and commendations he had during his Navy career.

RELEASED FROM I.A. FILES

Attorney Kowalski then said he was going to address the findings of the investigation. He indicated they were not going to address the issues related to driving Code 3 with in the patrol vehicle; transporting a prisoner, or in this case a courtesy transport, of a person of the opposite sex; and the safety belt issue where it was alleged Deputy Andrade did not ensure was seat belted.

Attorney Kowalski indicated he did want to address the unbecoming conduct violation, the failure to meet standards related to the kissing incidents and the truthfulness issues. With regard to the unbecoming conduct and failure to meet standards for the kissing incidents, Attorney Kowalski stated it was their position that was the aggressor for the incidents, based on Deputy Andrade's statements. Attorney Kowalski did not believe it was appropriate to charge Deputy Andrade with unbecoming conduct because he was the victim in this incident. They also did not believe Deputy Andrade violated any written policy to not allow into the storefront.

With regard to the kissing incident where Deputy Andrade allowed into the storefront and did not prevent her from kissing him, Attorney Kowalski indicated it was a judgement call by Deputy Andrade which, in retrospect, "may have been a bad call on his part." Deputy Andrade's judgement was made at that moment and Attorney Kowalski did not believe he should be held for a failure to meet standards for making that decision.

Attorney Kowalski then addressed the issue of truthfulness. Attorney Kowalski indicated they knew they were going into a second IA interview and had a copy of the first interview. Knowing that they were going to have a second interview and having listened to the first interview several times, Attorney Kowalski indicated there was no way Deputy Andrade was going to be untruthful in his second interview, especially after they had several conversations about being truthful. Attorney Kowalski believes it was Sgt. Baggs' interpretation of Deputy Andrade's statements that was her basis for finding him to be untruthful. There were no independent witnesses, video or audio to corroborate the kissing incidents and Deputy Andrade's character should have been taken into consideration. Attorney Kowalski believed Deputy Andrade gave full disclosure about the kissing incidents at both interviews, with the second interview giving more detail about the incidents. He gave several examples of Deputy Andrade's testimony and the details of that testimony.

Attorney Kowalski indicated Deputy Andrade did not disclose the kissing incidents to his supervisor or peers because he was embarrassed and did not believe he violated any policy by not making the disclosure. I do not find these excuses to be reasonable or credible.

Attorney Kowalski wanted to clarify Deputy Andrade's statements related to the kiss inside the storefront. He indicated Deputy Andrade described in his first interview that tried to kiss him inside the storefront and he stopped her by grabbing the food and walking out of the

RELEASED FROM

I.A. FILES

TO

TO

storefront. Deputy Andrade then explained the incident in more detail during the second interview, especially about grabbing his arm and pulling or assisting him in turning around. Attorney Kowalski believed a voluntary touching of the lips would be a kiss. He stated in this case, Deputy Andrade did not kiss and the fact that their lips may have touched when Deputy Andrade pushed her away, did not make this incident a kiss. Attorney Kowalski said Deputy Andrade did not try and hide the fact that tried to kiss him in the storefront. In mitigation, Attorney Kowalski indicated Deputy Andrade took responsibility for his "lack of judgment in certain areas," including failing to report the incident to his supervisor. Deputy Andrade admitted this in his IA interview. Attorney Kowalski indicated was a drug user; she was living in a transient camp and was wet and disheveled from the initial incident. Because of her background and her condition. Deputy Andrade would not have "thrown himself" at her or asked for sexual favors from her. Attorney Kowalski indicated there were several instances where statements were inconsistent with what actually happened in the case. One was that there was supposed to be a 10 minute time where Deputy Andrade was groping when they first arrived in the parking lot at the storefront. The AV records indicate the vehicle was only there for 2 minutes before Deputy Andrade left to go to the fire. I listened to the audio, and there were 10-20 minutes that passed after he left the storefront/cabinet and when he returned to the storefront. She did not state that he groped her for 10 minutes behind the storefront. Thus, the point is not well taken. Attorney Kowalski emphasized there was no confirmation that witness heard anything because he refused to give a meaningful statement. On the other hand, Deputy Andrade has admitted that there was physical contact between him and by his patrol car behind the storefront, so statement would not be critical to the determination. Attorney Kowalski also indicated there was no corroboration on [statement of the events. Again, however, most of the statements by were either corroborated by Deputy Andrade or the AV records or the phone records. The attorney argues that because of her background, should not have been believed and Sgt. Baggs should not have given her as much credence as Deputy Andrade. I am aware that has a criminal record and considered it. However, told her story first, in much detail, without the assistance of dispatch records, incident reports or AV records and there is substantial corroboration of much of her story through the records and Deputy Andrade's own testimony. I find it noteworthy that Deputy Andrade never reported any of his personal contacts with or even his transport of the revealed nothing to his superiors.

> RELEASED FROM I.A. FILES TO

Attorney Kowalski felt Sgt. Baggs was unaware of Deputy Andrade's outreach and volunteer activities, and she seemed to indicate she did not believe that he tried to help the homeless. They provided me with the list with Deputy Andrade's volunteer activities over the last year. Deputy Andrade also explained some of the community relation work he did at Lamar Park when different groups would go there to help the homeless on the weekends. He also stated the Station Commander, Captain Garmo, "challenged" the deputies to take on community projects and Deputy Andrade picked the homeless as his project.

Attorney Kowalski indicated the entire situation was the culmination of a series of unfortunate events that had started off as Deputy Andrade's attempt to help "steamrolled into one thing after another that created this whole, ah, package of, of issues." He indicated it was a "poor judgment call" for Deputy Andrade to "finish up what he started" and allowing himself to be put in a situation with inside the storefront where she tried to kiss him again.

Deputy Andrade made a statement that even though inmates and homeless may be dirty, that did not prevent him from trying to assist them. He said there was nothing he wanted or needed from or any other homeless person. He was just trying to give her food when they were inside the storefront and she kissed him. Attorney Kowalski then indicated that according to her statement was that the kissing and other body contact was consensual. He went on to state that, if Deputy Andrade had been the aggressor, there was nothing that would have prevented him from coming back a third time to the storefront to make additional consensual contact with her or "hook up with her" if indeed that was what he was seeking out.

Deputy Andrade said he was "completely embarrassed" about the situation and how it got to this point when he was only trying to help someone out. He said he was honest in the interview and he did not try to hide or cover anything up. All he has ever done was try to do his best at work, and do things "by the book."

Deputy Andrade and Attorney Kowalski pointed out that Deputy Andrade's background in the military, being a Chief in the Navy, meant he had experience as a supervisor in the Navy. Deputy Andrade was also appointed as a training officer by the RSD Station, which indicated the supervisors had confidence in his abilities and judgement that he should be able to follow Policy and Procedure and the law while performing his duties as a Deputy Sheriff.

Conclusions

In reviewing the investigation and after meeting with Deputy Andrade and his representative Attorney Kowalski, I find the following:

Deputy Andrade violated Policy and Procedure by providing a courtesy transport to without properly documenting the transport via the Communication Center or making an entry via CAD. He was also in violation of policy for not ensuring she was seat belted and for driving

Code 3 with in his patrol vehicle to a call of a fire. Andrade has conceded these policy violations. While Attorney Kowalski characterized the incident between and Deputy Andrade as a series of unfortunate events that started with Deputy Andrade trying to help disagree. Deputy Andrade went out of his way to have contact with It started with two telephone conversations that lasted almost 12 minutes. Deputy Andrade was very vague about what they discussed. was more descriptive of the conversations that occurred between them and how Deputy Andrade was making advances towards her, making reference to him having problems with his marriage and making reference to his golden rod. There was a , who gave a statement to Detectives Kluge and Carpenter. said he overheard portions of one of the conversations between and Deputy Andrade. He heard Deputy Andrade talking about his golden rod and wanting to pick up witness statement would support statement about the phone conversations. During his first interview, Deputy Andrade recalled calling her once to tell her he had a pamphlet for her that had information about resources that might be helpful with her. He also indicated was the one who talked the most during the conversation, about her past and her kids. Deputy Andrade said he could not remember talking about himself. He thinks he told her he was married. If Deputy Andrade were only calling about giving her a pamphlet, the conversations would not have lasted a total of 12 minutes. Clearly, he was interested in having personal conversations with her. Deputy Andrade drove to where was located at a transient camp near Spring Glen Lane, supposedly to just drop off the pamphlet. When he arrived, he says she was wearing clothing that appeared to be small so he decided to transport her to the storefront where he knew about a cabinet that had some clothing inside. Deputy Andrade indicated this was the first time he ever took a homeless person to the cabinet for clothing, even though he stated he makes it a point to help the homeless. It does not make sense that Deputy Andrade would transport to a cabinet where other homeless people deposit clothing, which is in an unknown condition and possibly not clean, to give some other clothing. When he picked up and drove her in his patrol car, Deputy Andrade indicated the radio traffic was busy and he could not put out on the air that he was doing the courtesy transport. If that were true, he could have created a CAD entry and put the information into the computer himself to document the call before driving off with her. Additionally, Sgt. Baggs and Deputy Andrade listened to an audio recording of the radio traffic during that time and there was a period of silence that lasted 21 seconds where he could have made his transmission. He had yet another opportunity to put the information out when he answered up on the radio to take the call of the fire and told the dispatcher he was on his way to the call. Yet again, he said nothing about the female he was transporting.

Deputy Andrade indicated he wanted to drop off when he received the call to respond to the fire because he was going to respond Code 3 to the fire. However, when he "tried" to stop to let her out of the vehicle, she supposedly did not want to get out and he did not want to fight with her. Instead, he decided to drive Code 3 with her to the storefront on the way to the fire. This shows a lack of judgment and a failure to meet the standards of a Deputy Sheriff if he could not resolve this situation and drop her off before going Code 3.

When they parked outside of the storefront, Deputy Andrade stated in his first IA interview that turned around and kissed him after they got out of the car. He couldn't remember if he pushed her away or not. During his second interview, he stated she "...like to grab me to pull me in. So kind of like hugging me or grabbing me to pull me in." He said the hug lasted "way less than a minute" and that the kiss could have lasted up to two seconds long. He initially said he turned around and walked away, but later stated he pushed her to disengage from her and he possibly touched her chest when he pushed her away.

Deputy Andrade claimed he had "difficulty recalling the events of the kiss" because he "felt gross and disgusted" by the kiss. He had been trying to block the incident out of his mind for the last three months. It does not make sense that, if he was so "gross and disgusted" by the kiss, and if it affected him so much that he had been trying to block it from his mind since it occurred, that he would choose to call three additional times to meet with her again at the storefront to give her food. If it was such a significant event and it was so uncomfortable, gross and disgusting, Deputy Andrade would have never put himself into the situation of meeting her again, alone, inside the storefront away from witnesses. He was potentially putting himself into a situation where the same thing could occur again; yet Deputy Andrade did just that and made a point to meet with her again in a more private setting inside the storefront.

Inside the storefront, Deputy Andrade indicated in his initial IA interview that they were standing by the microwave while he was heating the food, and grabbed him and tried to turn him around to either hug or kiss him. He then said he prevented her from kissing him by picking up the food and walking out of the storefront with He denied there being a kiss between them, even though he was asked the question several times. He said he may have pushed her away from him and then walked out of the storefront with her.

During the second IA interview, Deputy Andrade said grabbed him and "just pulled me and kind of spun me around" to try and hug him. He initially said he "broke away from her, grabbed her food and walked out of the storefront with her." He then said he tried to push her away from him and he could have pushed her in the chest. He claimed the incident in the storefront took less than 5 minutes to occur and he left right after the incident. According to statement to Sgts. Kluge and Carpenter, she ate some of the food inside the storefront while Deputy Andrade was kissing her and touching her breast. She estimated they stayed there for approximately 20 minutes. This estimate matches the time the investigation showed that Deputy Andrade was at the storefront. Also, the phone records show that one

RELEASED FROM
LA. FILES
TO

minute after he reached the storefront, he called and spoke with her on the phone, and he admits he invited her over to the storefront.

During the second IA interview, the IA Sergeants continued to ask him about the contact in the storefront, and he was not admitting that they kissed again. He finally admitted her lips touched his lips and he pushed her away. Deputy Andrade did not admit to the kiss during his first interview and was not forthcoming and had to be asked several times about the contact between him and before he finally admitted the kiss. I do not believe Deputy Andrade answered questions about the incidents with truthfully and to the fullest extent of his knowledge.

Deputy Andrade's Statement about the second kiss during the first IA interview:

AB: At any other time was there a kiss between you and

JA: No.

AB: Just the time outside the car?

JA: Mm hmm.

AB: When you were in the storefront, did you kiss ??

JA: No.

Deputy Andrade's Statement about the second kiss during the second IA interview:

AB: Okay did your noses, did anything on your fact ever make contact?

JA: I think so.

AB: Okay so what made contact?

JA: The nose.

AB: Okay did lips accidentally touch?

JA: She tried to kiss me on the lips and I can't, she probably like scraped them and that was it.

AB: Okay and I don't want you to say probably because I don't want to misinterpret what you're saying. So just say what you do know. So did her lips touch your lips?

RELEASED FROM I.A. FILES JA: Yes.

AB: Okay so describe that to me.

JA: Her lips touched my lips and I pushed her away.

AB: Okay how long did her lips touch?

JA: Not that long. Like just instant. Enough to push her away.

It is undisputed that the incidents in question happened, including the fact that Deputy Andrade had physical contact with on two occasions. The contacts occurred after he had called her at least twice and picked her up in his patrol car for personal reasons, without notifying anyone of what he was doing. The only issues in dispute here are who initiated the kisses and the extent of the touching during those contacts. In light of Deputy Andrade's decision to reach out to again after the first time they had physical contact, and his decision to bring into a more private setting inside the storefront with no one else present after she had allegedly forced herself on him earlier that day, he knowingly chose to run the risk of whatever might happen at that point.

Even if one were willing to fully believe Deputy Andrade's account of the first physical contact that occurred behind the storefront by his car, it makes his account of the second physical contact simply incredible since he reached out to and initiated the second contact and invited her over to and inside the storefront. Anyone who was so disgusted by the first contact that he was trying to block it from his mind, would have never initiated the second contact, no matter how much he claimed he wanted to help her.

Given all of the information in the investigation, including the statements of Andrade and witness , I believe Sgt. Baggs was correct in finding Deputy Andrade in violation of Sheriff's Policy and Procedures related to conduct unbecoming, failure to meet standards, violation of rules and truthfulness.

Deputy Andrade's actions have eroded department credibility, the trust of department members, public confidence, and he has opened the Department to liability for his actions. He has put himself and the Sheriff's Department at risk by not following Sheriff's policy. Deputy Andrade has intentionally violated several Sheriff's policies and has failed to meet the standard for a Deputy Sheriff. I believe my recommendation is appropriate and proportionate for the conduct to which Deputy Andrade exhibited.

Juan Andrade Exemplary Performance

On September 6, 2015, officers from a local police department responded to a call of a kidnapping that occurred in their city. Several callers reported a male had been beaten with a crowbar and forced into a black car. The vehicle left the area before officers had responded; however, witnesses had obtained a license plate. The vehicle was registered to an address in an unincorporated area. Deputy Juan Andrade responded to assist in checking the residence. The suspect vehicle was spotted as it sped away heading toward the residence traveling at over 90 miles per hour. Several males began jumping a fence to the residence and entering from a rear entryway. One of the suspects was detained while Deputy Andrade took a position at the front of the residence, in case the other suspects decided to run. Four males exited the residence and began walking towards him. He began giving commands to the males to raise their hands and sit on the ground. All four males ignored Deputy Andrade's commands and continued toward him. His partner assisted and all four males were detained. It was then determined one of the males was the victim who oved money to one of the suspect's.

The suspects were arrested for Assault with a Deadly Weapon, Kidnapping and Resisting Arrest. The home owner was the father of one of the suspects and was also identified as an active member of the Hell's Angels motorcycle club.

Based on the available facts of the incident there is no doubt if Deputy Andrade had not arrived at the residence and contacted all parties involved, the victim may have been further injured or possibly murdered. He should be commended for his professionalism, tenacity and ability to work well under pressure. He continues to set the example to his peers and exemplify the high values we continually strive to achieve. Therefore, it is with great pride; I hereby award Deputy Juan Andrade the Sheriff's Letter of Exemplary Performance.

On September 27, 2016, the El Cajon Police Department was involved in a critical incident which immediately sparked passionate and sometimes violent public protests. Within the first hours of the incident, the El Cajon Police Department's resources were stretched to the point where they requested emergency assistance from the San Diego Sheriff's Department. Personnel from the Sheriff's Department responded on the first night and assisted the El Cajon Police Department with maintaining order. The protests lasted for the next six-days and gained national attention.

Every San Diego County law enforcement agency was involved and the San Diego Sherift's Department assisted in overseeing the entire operation and providing expertise along with resources to the El Cajon Police Department. Over the seven-day period, 1,121 Sherift's personnel were utilized to protect the citizens of El Cajon. In the face of violence, threats, and deliberate attempts to bait deputies into becoming the story, they displayed nothing but professionalism; which was witnessed on news stations across the country. They protected the public's right to peaceful assembly and took the necessary action when acts of violence took place.

We are fortunate we have these dedicated and courageous men and women who, at a moment's notice, are willing to risk their own safety to protect all citizens. Juan Andrade responded when called upon, and served in an exemplary manner.

On the evening of March 24, 2015, Deputies Juan Andrade and Scott Seaman responded to a radio call of an argument occurring at a residence in the unincorporated community of Spring Valley. The reporting party, 56-year-old community, called the Sheriff's Department to report he was having an argument with his live-in girlfriend's brother. Upon arrival, Deputies Andrade and Seaman determined was extremely intoxicated, however, no crime had been committed and the argument was verbal only. Deputies Andrade and Seaman remained at the residence to preserve the peace while the involved parties separated and presumably turned in for the evening. Deputies Andrade and Seaman then left the residence and returned to their patrol cars, which were includily parked several houses away.
While Deputies Andrade and Scaman were preparing to depart, Deputy Andrade observed walk out of his residence and onto the street towards the parked patrol vehicles. Deputy Andrade warned his partner of presence and was preparing to verbally address him when Deputy Andrade noticed was carrying some type of metallic object in his hand displayed a semi-automatic. 380 handgun, cycled the slide and pointed it at Deputies Andrade and Scaman. By this time, was approximately 25 yards away from both deputies and still advancing deliberately towards them Deputies Andrade and Scaman reacted to the threat by communicating with one another, splitting up and moving tactically to cover, bearing their own firearms toward the threat, advising of the threat via radio and issuing verbal commands at to drop the gun
A split-second prior to Deputies Andrade and Seaman actually utilizing deadly force to stop the advancing threat. girlfriend ran up behind him yelling at the deputies. Additionally, a vehicle with several occupants drove up the street directly behind as he was walking on the center of the street. Deputies Andrade and Seaman both immediately recognized the dilemma of having innocent by standers within their lines of fire and decided to refrain from opening fire on protect those endangered crizens. Deputies Andrade and Seaman remained behind cover and yelled for the uninvolved crizens to move out of the way to no avail. Abruptly, transitioned from pointing his handgun at Deputies Andrade and Seaman to pointing it at his own head. It is also pulled the trigger, however, the handgun did not discharge threw the pistol in the direction of Deputies Andrade and Seaman and challenged them to kill him while still advancing in their direction. Deputy Andrade quickly took advantage of the opportunity presented by transitioning from his handgun to Taser and deploying the Taser at the now unarmed threat. The Taser was immediately effective and Deputies Andrade and Seaman were able to take into custody without further meident.
The firearm was recovered from the street and found to be loaded, however, no round was in the chamber With his obvious attempt to commit "suicide by cop" thwarted, I was arrested for several felony charges, including assault with a firearm on a peace officer guilfriend and her neighbors expressed their utmost gratitude for the restraint demonstrated by Deputies Andrade and Seaman.
For their professionalism, tactical mindset, overall situational awareness and restraint during this meident, it is a pleasure to present Deputy Juan Andrade and Deputy Scott Seaman with the Sheriff's Letter of Commendation.

Skelly Conference Letter IA# 2017-027.1

As indicated on the "Notice of Intent" to discipline, which you are receiving, disciplinary action against you is being considered. If you wish to invoke your right to a pre-disciplinary due process hearing on this matter (Skelly Conference), you must make the request within five (5) regular business days. The Skelly Conference is a relatively informal hearing, not an adversarial evidentiary trial. The final date to request a hearing is indicated on your "Notice of Intent". Your request should be made by calling the Internal Affairs Unit at (858) 974-2065.

If you do not request the conference within that time, your right to a Skelly Conference will have been waived, and the recommended discipline may be imposed.

Your Skelly rights are:

- 1. To receive a written "Notice of Intent" to discipline, that may be served upon you, either in person or by mail. That notice will include the level of proposed discipline, the charges, and a brief explanation of the reason for the discipline.
- 2. To receive a copy of the materials upon which the proposed discipline is based, including reports, tape/digital recordings, photographs, etc. Any item certified as confidential and withheld from you by the department cannot be used as a basis for discipline.
- 3. To have sufficient time to review the supporting materials so that your response can be prepared.
- 4. To respond orally, in writing, or both to the proposed discipline and charges.
- 5. To a hearing officer who is not in your chain of command.
- 6. To have a representative or attorney present at the hearing.
- 7. To receive copies of all materials prepared as a result of the Skelly Conference.
- 8. To receive a new Skelly Conference for any new charges or increased discipline, which arise from the Skelly Conference.

I have read and understand my Skelly rights. Juan Andrade	Winess	7 17-1-17 Date

ORDER NOT TO DISCLOSE MATERIALS

Pursuant to Department Policy, materials are being furnished to you upon which your proposed discipline is based. These materials are reproductions and are a part of the confidential employee personnel records of the San Diego Sheriff's Department. Dissemination of this information is restricted to a need and a right to know.

You are ordered not to disclose, release, or copy these materials to or for anyone, other than your attorney and/or association representative, without the written authorization of the Internal Affairs Lieutenant. Materials include all written documentation, tape recordings, and videotapes.

Any unauthorized release of information contained in these documents compromises the confidentiality of your personnel file, and may impede the Department's ability to protect your confidentiality in future discovery motions. This could subject you and the County to unnecessary liability and criticism, to which the Department may be required to defend in a public forum.

You are strongly encouraged to destroy or return these materials when they no longer serve a useful purpose. Should you desire to review material related to your discipline at a later time, you may make arrangements with the Internal Affairs Unit.

Failure to abide by this order could result in a charge of insubordination, and subject you to disciplinary action up to and including termination.

Do not attempt to contact the complainant regarding the allegations, as this could result in future complaints. "Retaliation is prohibited by state and federal law. We advise you to refrain from doing anything that may be construed as retaliation against the complainant or any witness involved in this investigation."

Re: Deputy Juan Andrade - Request for Skelly Conference

Dear Sheriff Gore:

Our office represents Deputy Juan Andrade regarding the Notice of Intent of Termination and Charges recently served on him. Based on the Information available to us at this time, on behalf of our client, we deny the allegations on which this action is based and request an opportunity to respond to the allegations. I will serve as Deputy Andrade's representative in this matter. Please contact me directly regarding the scheduling of this Skelly Conference either by phone or email at

Because our client is a peace officer, he is entitled to the protections afforded under Penal Code § 135.5. Accordingly, prior to any disciplinary proceeding, our client is entitled to any relevant information related to the proposed discipline. Relevant information includes evidence that has any tendency in reason to prove or disprove any disputed fact that is of consequence to the determination of the action, or the truthfulness of a witness's testimony or of a declarant's hearsay statement. (See Evidence Code §§ 210, 780 and 1202.) Penal Code § 135.5¹ has expanded the nature of information that must be provided to a public safety officer during any disciplinary proceeding. It is now unlawful to conceal any relevant evidence during the disciplinary process. Concealment would include knowingly not providing any relevant evidence.

I recognize some information may not be relevant to the appointing authority in order to make a decision regarding discipline of a public safety officer would be relevant to our client to disprove the allegations or mitigate the facts or level of discipline. Therefore, I have provided a list of information that we consider relevant to defending our client from the allegations alleged in the Notice of Intent of Termination and Charges. Relevant evidence also includes evidence which may assist in mitigation of the level of discipline. Please keep in mind the information we are requesting is in addition to that information that must be provided pursuant to Skelly v. State Personnel Board, (1975) 15 Cal.3d 194.

On behalf of our client, to the extent not already provided, we request the following information:

Penal Code § 135.5 states: "Any person who knowingly alters, tampers with, conceals, or destroys relevant evidence in any disciplinary proceeding against a public safety officer, for the purpose of harming that public safety officer, is guilty of a misdemeanor."

- 1. A current copy of all policies and procedures alleged to have been violated by our client.
- 2. All written reports (as defined by San Diego Police Officers Assn. v. City of San Diego, (2002) 98 Cal.App.4th 779) prepared as a result of the allegations against our client.
- 3. All investigator notes.
- 4. A copy of all radio transmissions related to this investigation.
- 5. All written or recorded statements of any potential witness.
- 6. All prior criminal history of any known potential witness related to this investigation.
- 7. All information that could lead to or tends to mitigate the conclusions as set forth in the proposed notice of discipline. Information includes any information known to members of your agency whether in a written form or merely within the knowledge of members of your staff.
- 8. All statements or utterances by our client, oral or written, however recorded or preserved, whether or not signed or acknowledged by our client.
- 9. The names and addresses of any witness who may have knowledge of the events that caused the discipline to be proposed.
- 10. An opportunity to examine all physical evidence obtained in the investigation against our client.
- 11. All laboratory, technician, and other reports concerning the testing and examination of any physical evidence.
- 12. All reports of experts made in conjunction with the case, involving the results of physical or mental examinations, scientific tests, experimental or comparisons which relate to the allegations as set forth in the notice of proposed discipline.
- 13. All photographs, motion pictures, or videotapes taken during the investigation.
- 14. Any exculpatory or mitigating evidence in the possession of your agency.
- 15. Any information relevant to the credibility of any witness.
- 16. Any potential rebuttal evidence in the possession of your agency.
- 17. Any and all relevant evidence known or in the possession of your agency.
- 18. Any recommendations from supervisory or management staff that differ or contradict the current conclusions or recommendation of discipline.
- 19. All performance evaluations for the past 10 years.
- 20. Any and all materials reflecting documentation of positive or negative performance maintained in any department files (including Internal Affairs files).
- 21. Any and all notes, minutes and/or materials from any meetings or discussions involving captains or chiefs in the process of determining the level of discipline to be proposed.
- 22. Any and all electronically stored data including email and any other computer generated files.
- 23. Any and all findings of the Citizen's Law Enforcement Review Board relating to this proposed discipline.
- 24. All discoverable information under Penal Code §1054 as required by San Diego Police Officers Association v. City of San Diego, supra, 98 Cal.App.4th 779.

Please treat this request as a continuing request until this matter has been settled or adjudicated. Thank you for your anticipated cooperation.
